

Senate panel cuts war fund

Nuclear plant licensing okayed

WASHINGTON — Operation of nuclear power plants that haven't met requirements of the National Environmental Protection Act would be authorized under a measure passed by the House, 283-78. The bill would permit the AEC to issue temporary licenses for the plants despite their potential for air or water pollution. Rep. Dingell (D-Mich.), author of the bill, said it was "strictly an interim measure to assure we won't have blackouts or brownouts this summer...and in 1973."

Skyjacker arrested

CHICAGO — A man demanding \$500,000 took over a Miami-to-Chicago jet carrying 91 persons Monday and demanded to be flown to the Bahamas Islands. The aircraft landed at Chicago and FBI agents and police arrested the man who said he was drifting between jobs as a California film editor. The man was identified as William Herbert Green III, 30, a native of Berea, Ohio, who told the FBI he was married and had several children.

Court upholds aid refusal

WASHINGTON — The Supreme Court ruled Monday that a state has the constitutional authority to deny public funds to support church-controlled schools. Without comment, the justices affirmed a decision of a lower federal court in St. Louis which upheld a provision of the Missouri state constitution containing such a prohibition.

Prison guard killed

ANGOLA — One guard was stabbed to death and another was set ablaze with a fire bomb thrown by a convict at the Louisiana State Prison, it was reported Monday. The prison's 1,000 inmates were locked up to prevent more violence. "At this time, we don't know who did the killing," Deputy Warden Lloyd W. Hoyle said of the violence in the medium security section of the prison. Correctional Officer Brent Miller, 23, was found sprawled in a pool of blood on the floor of an inmate dormitory an hour and a half after he reported for morning duty.

Bomb found in school

LIMA — A pupil's mother found a ticking, home-made bomb in a restroom of an 800-pupil elementary school in Lima, Ohio, Monday, picked it up and calmly carried it outside after descending two flights of stairs. Mrs. Barbara Kontose then notified school officials, who evacuated the Garfield Elementary School and called police, who dismantled the bomb — made of three sticks of dynamite, copper wire and an alarm clock taped to a plywood board. Police said they had no idea who placed the bomb at the school. Mrs. Kontose was at the school to talk about PTA business.

Widow and son killed in crash

DELAWARE, N.J. — A middle aged widow with three children was killed along with her eight year old son in a head-on collision with a tractor-trailer late Monday afternoon on Route 46 four miles east of the Delaware Water Gap toll bridge.

The woman was identified as Helen Ellison, 49, of West Caldwell, N.J. Mrs. Ellison and her son, Thomas, eight, were dead on arrival at Warren County Hospital in Phillipsburg, N.J.

Trooper Richard Towse from the New Jersey State Police at Blairstown said early today that Mrs. Ellison was driving east along Route 46 when the car drifted into the westbound lane and collided with the tractor trailer. The rig was driven by Fred Larock, 35, of Hinsdale, Mass. He was treated at General Hospital of Monroe County for lacerations of the forehead and knees and released.

Mrs. Ellison's demolished car was dragged along the westbound lane when the wreckage was struck by a car driven by Laurence Youngmans, 20, of Westbury, N.Y. Youngmans was not injured. The Youngmans car, Trooper Towse said, was originally behind Mrs. Ellison's vehicle before the crash, but the impact of the collision drove the wreckage into Youngmans' car.

WASHINGTON (UPI) — The Senate Foreign Relations Committee, told the administration would rule out only the reintroduction of ground forces and the use of nuclear weapons in trying to help the South Vietnamese, voted Monday to cut off funds for U.S. land, sea or air forces involved in Vietnam by the end of the year.

The committee, aroused by the bombing of Hanoi and Haiphong, approved by a vote of 9 to 1 — with two members abstaining — an amendment to the \$916.9 million State Department authorization bill designed to end American participation in the war.

The amendment was sponsored by Sens. Frank Church, D-Ida., and Clifford P. Case, R-N.J.

It declares: "Notwithstanding any provision of law, none of the funds authorized or appropriated in this or any other act may be expended or obligated after Dec. 31, 1972, for the purpose of engaging U.S. forces, land, sea or air, in hostilities in Indochina, subject

to an agreement for the release of all prisoners of war held by the government of North Vietnam and forces allied with such government and an accounting for all Americans missing in action who have been held by or known to such government or such forces."

Sen. George Aiken, R-Vt., who previously had backed most of the antiwar amendments approved by the Senate, was the only member voting no. He claimed the North Vietnamese invasion of South Vietnam now makes it clear that Hanoi is the aggressor, and that to withdraw U.S. support from Vietnam would create a "bloodbath."

Sens. John Sherman Cooper, R-Ky., and William Spong, D-Va., abstained.

Cooper, a dove on the war, said, "I do not agree with continuing the war on the basis of supporting South Vietnam, but we are in a battle right now that affects the safety of our forces."

The committee voted to cut off Vietnam funds after Secretary of State William P.

Rogers testified that the North Vietnamese invasion of the South had created "a different kind of war" — one more vulnerable to U.S. airpower.

And Rogers told the committee that the United States would not rule out use of anything to help the South Vietnamese repel the invaders short of putting ground troops back in Vietnam or using nuclear weapons.

The White House later used almost identical language to describe the U.S. position, and President Nixon, at a luncheon on Capitol Hill, was quoted by a congressman as saying, "You have to let them have it when they jump on you."

Three Republicans on the committee, Sens. Case, Jacob Javits, R-N.Y., and Charles Percy, R-Ill., — joined Democrats Mike Mansfield of Montana (proxy), Church, Stuart Symington of Missouri, Claiborne Pell of Rhode Island, Edmund S. Muskie of Maine and J. William Fulbright of Arkansas in voting for the amendment.

"This is a question of whether we do this now or 10 years from now," Case said. "The only possible way we can get out is to set a definite termination date...the only way we can stop the bombing is to stop the war."

Case said he and Church had discussed offering the amendment even before the B52 bombing raids. He said the air action over the weekend only hastened their decision to offer the amendment.

Fulbright, the chairman of the committee, said it would be at least a week before the State Department bill — with the Church-Case amendment — would be ready for floor action.

The bill also contains 16 other major amendments, including a 50 per cent cutback in media funds for the U.S. Information Agency.

Rogers, responding to critical questioning by Fulbright and Church, said the administration would "take whatever military action necessary" to prevent a Communist victory in Vietnam.

Large circle shows U.S. bombing areas; small circles Communist attack

Democrats decry attacks on Hanoi

WASHINGTON (UPI) — While Democrats condemned him for making a reckless decision that might touch off World War III, Republicans Monday defended President Nixon's decision to extend U.S. air strikes to Hanoi and Haiphong as necessary to thwart the Communist invasion of South Vietnam and to protect withdrawing U.S. forces.

With Nixon attending an annual Capitol Hill seafood luncheon given by Rep. William M. Colmer, D-Miss., House and Senate members debated the wisdom of Nixon's action — generally splitting down party lines.

Sen. Edward M. Kennedy, D-Mass., a leading critic of Nixon's war policy, called the bombings "senseless, unjustifiable and reckless."

Sen. Harold E. Hughes, D-Iowa, said it was "a reckless gamble" that has put the nation "close to the flashpoint. It brings us to the brink of World War III."

But Sen. Barry Goldwater, R-Ariz., who has long advocated a tough U.S. war policy, said the expanded air strikes by giant B52

eight-jet bombers was "that kind of action" which should have been taken eight or 10 years ago "when it would have settled the situation in Indochina once and for all."

Speaking on the Senate floor, Goldwater praised Nixon for finally "taking the steps so necessary" to end the war, and compared the current North Vietnam drive into South Vietnam with the North Korean invasion of 1950 and the installation of Soviet missiles in Cuba in 1962.

Rep. Peter Peyser, R-N.Y., said he was amazed at Nixon's critics and asked: "Are these men and women willing to sacrifice lives of nearly 85,000 men still in Vietnam?"

But Kennedy, in a statement issued by his office, said Nixon was taking "the extreme risk of widening the war beyond all possible restraint."

"For if one bomb had gone astray and destroyed a Russian ship or a Chinese ship in the harbor of Haiphong, the result might well have endangered the entire planet," Kennedy said.

U.S. guided missile frigate fired on in Gulf of Tonkin

SAIGON (UPI) — The U.S. guided missile frigate Worden was hit and damaged, possibly by a North Vietnamese torpedo boat, while on duty in the Gulf of Tonkin, military sources said Monday.

"All we know is that the Worden was hit by something, possibly a North Vietnamese torpedo boat," a military source said. "Apparently it was too far out to sea to have been hit by a shore battery."

If the 5,700-ton Worden was hit by a torpedo boat it would be the first such act since the 1964 Tonkin Gulf incident when two U.S. destroyers were fired on by the North Vietnamese.

In the air war, U.S. spokesmen said there was no early information on whether strikes were made today against North Vietnam.

"I'd say they (U.S. planes) hit up there Monday—not the B52s but the fighter-bombers," said one source.

Sources in Saigon said it was doubtful the Worden had been hit by a guided missile.

"If the North Vietnamese had any of those our ships would stay out of their range," a source said.

The 1964 incident involving the two destroyers induced Congress to adopt the Tonkin

Gulf resolution which gave then-President Lyndon B. Johnson authority to escalate the war. The resolution later was repealed.

The Worden was part of a double fleet of aircraft carriers, destroyers and frigates bombarding Communist positions in North and South Vietnam during the current 19-day offensive.

Reports that the North

Vietnamese capital Hanoi was hit again Monday by U.S. planes were broadcast by Hanoi Radio. The Vietnamese Premier Phien Von Dong Monday appealed to his countrymen to unite against the United States.

In the ground war, the South Vietnamese command reported more heavy fighting Monday near artillery base Bastogne, which helps protect the city of Hue, 400 miles north of Saigon.

Students to protest U.S. bombing raids

By United Press International

WASHINGTON — The National Student Assn. (NSA) with chapters on more than 500 campuses, called Monday for a one day strike by college students Friday to protest the U.S. bombing raids near Hanoi and Haiphong.

Meanwhile, police in Detroit and San Francisco arrested demonstrators in what were the first anti-war demonstrations in the nation against the new bombing raids.

San Francisco police arrested 29 demonstrators from a crowd of 1,500 persons which surrounded a federal building in downtown San Francisco.

Detroit police arrested at least 23 persons. They were led without incident from the Detroit office of Sen. Robert P. Griffin of Michigan, the Senate's assistant Republican leader.

NSA President Margie Tabankin said the response for the strike call has been enormous.

\$30 billion money sharing approved by House panel

WASHINGTON (UPI) — On a 16-6 vote, the House Ways and Means Committee approved a bill Monday directing government to share nearly \$30 billion in federal revenues with state and local governments over the next five years.

The measure faces stiff opposition on the House floor, mainly because of its restrictions on use of local funds and the requirement for a state income tax as part of the formula that decides how much each state would get. But its backers hoped to get House action on the bill early next month.

As prepared by the Ways and Means Committee, the legislation would give \$3.5 billion a year to local governments and \$1.8 billion a year to state governments as a means of supplementing property taxes.

The bill was drafted by Chairman Wilbur D. Mills, D-Ark., as an alternative to President Nixon's \$5.3 billion-a-year revenue sharing measure. The Nixon bill, which did not propose a figure for the second or ensuing

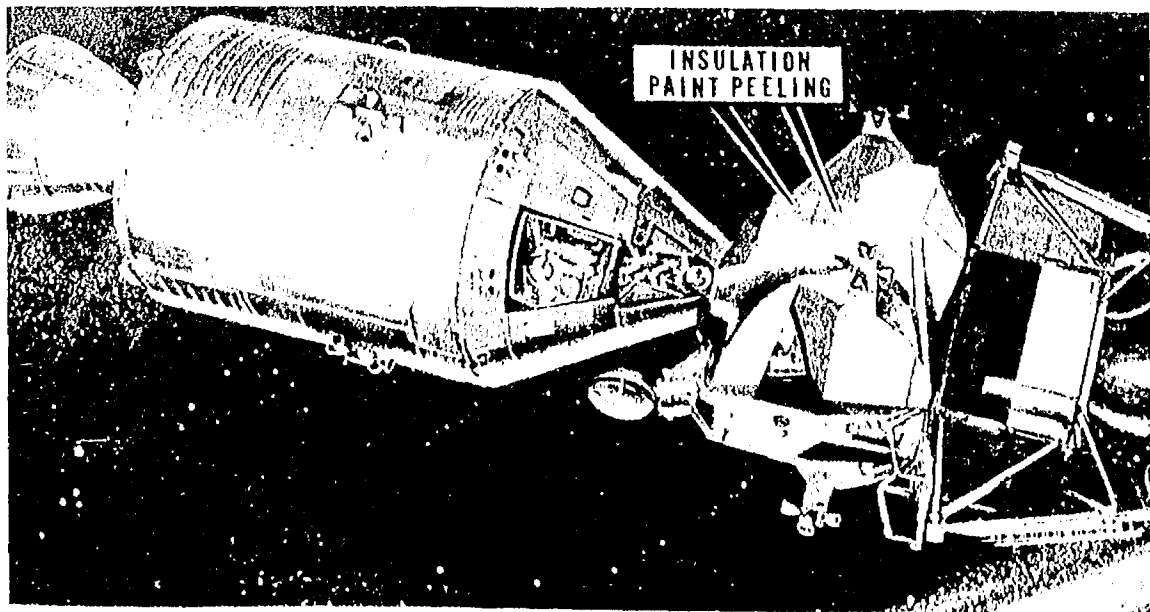

years, also would have allocated \$3.5 billion to local governments and \$1.8 billion to states but with no strings attached on how it could be used.

The committee voted 16 to 4 in favor of seeking a closed rule, which would prevent amendments from being offered on the House floor.

The bill was heavily amended in the more than four months of committee consideration, mainly on formulas for allocations to states and then for distribution within the state.

Local governments could use their revenue only for police and fire protection, sanitation or pollution projects and transportation needs. The money could not go to other local needs, such as education. But states could use their funds without restriction.

Part of the formula for determining how much each state would get depends on the amount of state income tax raised annually. Ten states have no income tax and this is expected to be a source of stiff opposition.

Command module with lunar lander hurls toward moon despite mysterious peeling paint.

Astronauts check Orion

SPACE CENTER, Houston (UPI) — Assured that mysterious flaking paint would not prevent a landing, the Apollo 16 astronauts corrected their course for the first time Monday night to try to reach the moon right on schedule.

A two-second burst from the spacecraft's main rocket engine added 8 1/2 miles an hour to their speed — only a fraction of their 3,025 mph velocity, but still necessary for the accuracy of their mission.

"Well, the old burn's complete, Houston," commander John W. Young reported after the course correction. "It's a big boost."

Young, a veteran of four spaceflights, and his two rookie companions, Charles M. Duke and Thomas K. Mattingly, fired the engine after spending most of the day troubleshooting their flaking paint problem.

After working all night, engineers had radioed word to the astronauts when they awoke that the peeling paint on the moon lander Orion would not prevent them from attempting a landing in the deserts region of the moon's mountains Thursday afternoon. Their daylight checks tended to confirm the engineers' report.

"Everybody is very happy with what we're hearing," Capsule communicator Anthony England radioed Duke after he and his companions finished describing the area affected by the flaking.

The area is in three panels on the Orion, covering about 10 square feet, and Duke said that all but about 10 per cent of the white thermal paint had peeled off.

"Apparently it's just a black surface now," he said. Duke said none of the aluminum itself had torn away, but "these panels have some more pronounced wrinkles in them than any of the other panels."

England replied "We'll find out what that means." England radioed the engineers' conclusion after the specimen had eaten their first breakfast — orange juice and sandwiches — of their 12-day mission.

That was about the time they passed the halfway mile on the way to the moon in their \$45 million, next to the last in the Apollo series and the only one set to investigate the highlands that cover 70 per cent of the lunar surface.

"We don't really anticipate a problem there," England said. "It turns out, looking back, there was a history of one batch of bad paint and they sort of think it's just the paint blistering up."

Young, making his fourth space flight, peered out the hatch of the command ship Casper at the side of the moon lander Orion and reported that the flakes were continuing to fly off, but had thinned out since Sunday night.

Campaign trail

Candidates pledge tax reforms

By United Press International
Campaigning in states where they are considered the leading Democratic presidential contenders, Sens. Hubert H. Humphrey and George S. McGovern told voters Monday what they would do on the issues of taxes and the war if elected to the White House.

Seeking votes in the April 25 Pennsylvania primary, Humphrey said in the first 100 days of his administration he would send Congress a program totally overhauling the federal tax system.

In Boston, where he was campaigning for the April 25 Massachusetts primary, McGovern again promised that one of his first steps as President would be to set a definite date for withdrawal of all U. S. forces from the Indochina war.

Alabama Gov. George C. Wallace, meanwhile, told a news conference in Pittsburgh that he will run better in the Pennsylvania primary "than most experts think."

Wallace had not originally planned to run in Pennsylvania, where Humphrey is favored.

and does not plan to run in Massachusetts, where McGovern is the favorite. But he said in Pittsburgh Monday he had received many requests to appear and "I feel I will run fairly well in the popularity vote in Pennsylvania."

President Paul Jennings of the International Union of Electrical Workers told a Washington news conference that four more years of the Nixon administration would leave the nation in "absolute shambles" and urged his 280,000 union members to vote

for a Democrat—assuming they nominate someone other than Wallace.

Virtually all of organized labor except the Teamsters Union is expected to oppose Nixon, but the IUE became the first union to say formally that it would oppose the President's re-election even before his opponent is known.

"We're going to do what has to be done to see to it that in November there's a progressive Democrat in the White House," said Jennings.

Humphrey said his tax overhaul would include plugging loopholes "that allow the super rich, the giant oil companies, the giant corporations to escape paying some \$16 billion a year."

Also, he said, his plan would "provide for substantial property tax reductions without the addition of a new value-added tax, which is merely a fancy name for a giant sized national sales tax."

Hijacker captured by police

ROME (UPI)—An American claiming to be both a CIA agent and the son of a Mafia overlord was captured by Italian police Monday after hijacking a Swiss Airlines DC9 to Rome and demanding to see Pope Paul VI and the U.S. Ambassador.

Police said Mario Victor Maimone of New York City was captured with the help of a Roman Catholic priest and an American military officer who agreed to impersonate the Pope and Ambassador Graham A. Martin.

Maimone they said, wanted to see Martin to demand a new passport and wanted to see the Pope to "pay his respects."

The plane was on a regular flight from Geneva to Rome.

When the plane landed at a military airport in Rome, police drove a car carrying the unidentified American officer and a local priest to the runway and told Maimone they were the Pope and Martin.

"They said he should go to the airport lounge to meet them, and when Maimone started to leave the plane, police seized him."

Financial crisis faces Grumman

WASHINGTON (UPI)—The chairman of Grumman Corp., a major supplier of naval aircraft for 33 years, said Monday his firm would be forced out of business if the Navy refused to "restructure" Grumman's money-losing contract for the F14 jet fighter.

"We'll close the doors, we'll have to; we can't proceed," the Grumman chief, E. C. Towl, told a Senate Armed Services subcommittee examining escalating costs of the new plane.

Sitting beside a plastic model of the sleek jet, Towl produced a letter written last week by his banker, the Bankers Trust Co. of New York. It threatened to cut off Grumman's credit.

State courts supported on aid issue

WASHINGTON (UPI)—The Supreme Court ruled Monday that a state is constitutionally entitled to forbid the use of any public funds to support a school controlled by a religious denomination.

Seven Missouri families had challenged a provision in the state constitution to this effect. They contended that the state should give as much of their tax money to church-oriented private schools as it does to public schools.

Each family has from three to a dozen children. They belong to various religious denominations.

They told a special three-judge federal court in St. Louis that the state constitution discriminates against them, since they want their children to have spiritual training along with non-sectarian subjects.

The Supreme Court in a brief order affirmed the decision of the lower court on Sept. 23, 1971, which upheld the state constitution and dismissed the lawsuit.

Ford recalls '72 cars

DETROIT (UPI)—Ford Motor Co. Monday recalled virtually every 1972 Ford Torino and Mercury Montego to attach retainer plates to keep rear wheels from falling off if the bearings wear out.

A total of 396,000 cars were involved in the recall "dating back to job one of the 1972 models," a spokesman said.

Gordon H. Robertson, service engineering manager, said the company received reports of Torino-Montego rear axle bearings deterioration caused by a combination of factors affecting bearing life. Under extreme conditions, he said, an axle shaft might become disengaged from the rear axle housing, possibly without adequate warning.

A spokesman said there had been five reports of wheels falling off the car and causing some vehicle damage when the car fell down on the suspension. He said, however, there had been no collisions.

Ford said owners of the affected vehicles would be notified to take their cars to a dealership for installation of a set of auxiliary retainer plates that would insure audible warning in event of failure, and prevent the wheel from falling off.

UMW murder defendant's jury selection underway

WASHINGTON, Pa. (UPI)—Jury selection began Monday in the trial of Silas Huddleston, 62, LaFollette, Tenn., whose daughter implicated him and the United Mine Workers (UMW) hierarchy in the 1969 Yablonski murders.

Selection of the 12-member jury began shortly after Judge Charles G. Sweet denied defense motions to quash the indictment, grant bail and issue a writ of habeas corpus for Huddleston, president of a small UMW pensioners local in LaFollette.

Judge Sweet rejected the motions on grounds a 22-page confession by Huddleston's daughter, Annette Gilly, 31, of Cleveland, was sufficient evidence for a first degree murder case.

Mrs. Gilly's confession also named UMW President W. A. "Tony" Boyle as the "big man" behind the plot and said her husband, Paul Gilly, already convicted of the murders, told her to remember the names of George Titter, UMW vice president, and John Owens, UMW secretary-treasurer, if he should get into trouble.

Also implicated by Mrs. Gilly were William Prater of LaFollette, UMW District 19 field representative, and Albert

Pass, District 19 secretary-treasurer. Prater was indicted and charged with murder last week. Pass' whereabouts are unknown.

Defense attorneys had submitted 33 questions to be asked

prospective jurors but Sweet reduced the list to 25 before jury selection began.

Attorneys also renewed their arguments for a change of venue for Huddleston, who suffers from pneumoconiosis.

Hanoi will talk if bombing stops

PARIS (UPI)—Hanoi said Monday it would be ready to renew direct secret peace talks with President Nixon's envoys if the United States stopped bombing North Vietnam and resumed the formal four-party talks.

LBJ suffers accelerated heartbeats

SAN ANTONIO, Tex. (UPI)—Doctors at Brooke Army Medical Center said Monday former President Lyndon B. Johnson suffered a brief burst of extra heartbeats and that his heart specialist was summoned from Atlanta.

The doctors said, however, the former President was resting comfortably after the flurry of heartbeats—known as ventricular tachycardia—and that there had been no recurrence of the difficulty since it was first noticed shortly after 2 p.m. Monday.

Johnson is recuperating from his second heart attack. He was stricken April 7 in Virginia while visiting his eldest daughter Lynda and her husband, Charles Robb.

Following a week of hospitalization at the University of Virginia Hospital in Charlottesville, Johnson was flown to San Antonio, 80 miles south of his LBJ Ranch.

Nixon to visit Poland May 31

WASHINGTON (UPI)—President Nixon will visit Poland May 31 and June 1 on his way home from his summit meeting with leaders of the Soviet Union, the White House announced Monday.

The announcement of the additional stop, coupled with the departure for Moscow of a White House advance team, indicated that plans for the Soviet trip were moving ahead despite increased tensions.

\$54 million needed for welfare by May

HARRISBURG (UPI)—Predicting a welfare payment cutoff on May 20, Public Welfare Secretary Helen Wohlgermuth Monday asked the legislature for \$54 million to fund public assistance until June 30.

The House Appropriations Committee, chaired by Rep. Martin P. Mullen, D-Philadelphia, demanded an explanation from the cabinet official why she reduced her request from \$69 million to \$54 million.

"We were told it was absolutely essential that the deficiency appropriation be passed before the recess," Mullen said, referring to the legislature's election recess which began in mid-March.

"We were told you might run out of money by April. That proved to be false. Now we are down to \$54 million."

Mrs. Wohlgermuth said when she first asked for \$69 million in December, "it appeared public assistance money would only last into April."

She explained that the department's predictions assumed that layoffs in the steel industry would inflate welfare rolls. Her staff realized in March, said, that the steelworker's impact would be small.

"Then we knew we were safe enough to come to you and ask for a cut," she said. Mrs. Wohlgermuth said public assistance payments and the operation of nursing homes would stop on May 20 without additional money.

Minority Appropriations Chairman H. Jack Seltzer, R-Lebanon, said Mrs. Wohlgermuth was trying to fool legislators into thinking welfare rolls were declining when the

actual decline was in the percentage of increase in the rolls.

"I'm glad to see you two kissed and made up over the weekend," Seltzer said to Mullen and Mrs. Wohlgermuth. He referred to Mullen's statement last week that the welfare department had "made an ass out of me" by giving him false information.

She asked for money to end "peonage" in state mental hospitals—the practice of using mental patients to help run the institutions.

N. American Indian group to present 'experience'

NORTHAMPTON — The cultural activities committee at Northampton County Area Community College will sponsor a cultural experience with the "White Roots of Peace," a North American

Indian communications group, on Thursday. All events and programs are free and open to the public.

The "White Roots of Peace" is composed of Indians from a variety of Indian nations and has traveled throughout the United States and Canada visiting over 150 colleges and universities as well as church groups, high schools, prisons, and Indian groups.

The term "White Roots of Peace" is derived from an ancient Iroquois tradition signifying that at the base of the Tree of Great Peace were four white roots going out to the four winds in order that all peoples could find their way to peace in the shade of the Great Tree.

As an outgrowth of the traditional Indian Unity Convention held in 1969 a group of young Mohawks set out to renew this commitment and adopted the name "White Roots of Peace."

Their purpose is to provide an opportunity for all people to hear the Indians' view of peace and their relationship with their environment as well as bringing real brotherhood to all people. They publish a monthly newspaper "Akwasasne Notes." Their home is on the Mohawk Reserve at Akwasasne (St. Regis) on the St. Lawrence River. Seven members of the group will be at NCACC throughout the day.

Variety of activities will be

held throughout the day: an exhibition of crafts and photographs will be held in the college cafeteria. The crafts display includes Mohawk baskets, Choctaw beadwork, Chippewa moccasins, carvings and other items from Indian craftsmen. Most of these items will be available for purchase. Paperback books relating to Indian affairs as well as photograph records of traditional music of contemporary Indian musicians will be available.

From 9:30 to 11 a.m. a film festival will be held in R-1; the films consist of those which were either made by North American Indians or were made about current Indian matters. A commentator from the group will be present to discuss problems and to answer questions.

From 2 until 4 p.m. on the north field behind F building on the north campus of the college, the main meeting will take place. "White Roots of Peace" will conduct an opening prayer and demonstrate songs and dances illustrative of those conducted by the Iroquois people in their longhouses. Those attending are invited to participate, dance, and speak. The group has always refused to dance for entertainment or put on a performance but does invite those present to join with them in an expression of friendship and brotherhood in their traditional social dances.

Deceased jurist honored

Pike County Bureau MILFORD — The late Charles Haubert, the last person to serve as Associate Judge in Pike County, was honored in a Memorial Service in Pike County Court Monday.

The service was held at the start of the afternoon session and was opened by Sidney L. Krawitz, president of the Pike County Bar Assn. John Schneider, secretary of the Assn., read a resolution in memory of Associate Judge Haubert. President Judge James R. Marsh ordered the resolution be made part of the official court record and the Prothonotary to issue a copy to the Haubert family.

The Pike County Grand Jury presented with two indictments, returned two true bills.

Commonwealth vs. Robert Edgar Davy, Jr. of Matamoras. Indictment was two counts, one of selling and dispensing LSD and one of selling and dispensing marijuana.

Commonwealth vs. Lucian Locke of Dingmans Ferry for failure to stop at the scene of an accident — True bill.

George Cealhem of Paupack, who had pleaded guilty to receiving stolen goods and the possession of a motor vehicle on which the registration had been obliterated, omitted or defaced, was sentenced to pay the costs of prosecution, a fine of \$500 and to serve not less than four months or no more than 11 months in the Pike County jail.

Jersey milk prices down in March

NEW YORK, N.Y. — Dairy farmers will get a uniform farm price of \$5.98 per hundredweight (48.5 quarts) for milk deliveries to pool handlers in the New York-New Jersey milkshed, Market Administrator A. J. Pollard announced today. They got \$6.21 in February and \$5.86 in March 1971.

A differential of 7.8 cents will be paid for each tenth of a pound of butterfat above or below 3.5 per cent.

Receipts from dairy farmers totaled 913,628,819 pounds, Dr. Pollard said, an increase of 7,378,290 pounds, or 0.8 per cent from March, 1971. Sales of fluid milk products, for which handlers paid \$7.37 per hundredweight, fell 15,464,493 pounds, or 3.2 per cent to 469,470,924 pounds, or from 52.5 to 50.4 per cent of the pool.

The number of dairy farmers in the pool declined by 1,074 to 24,342, Dr. Pollard reported, but average daily deliveries per producer increased 61 pounds to 1,211 pounds.

There was an increase of

1,245 to 18,969 in the number of tank producers and receipts of tank milk rose 52,686,275 pounds to 804,061,713 pounds. This was 88.6 per cent of the

pool, compared to 82.9 per cent a year ago, he noted.

A total of 419,632,945 pounds of tank milk, which was 52.5 per cent of all tank receipts,

was used as Class II and was subject to the transportation credit, the administrator said. The value of the credit was \$419,632.97.

ROOMINATIONS

By Herb Rosen

Nothing will age a man faster than furiously saving for his old age.

We may never succeed in curing poverty. But with prices and taxes the way they are, we're sure going to cure wealth.

Sylvia (my wife) says a woman driver is a person who drives the same way a man does — only she gets blamed for it.

There's been a real revival of barbershop quartets. After all, with the long hair on men, what else is there for barbers to do these days?

Although children are deductible, they can also be very taxing!

Tax us with your furnishing problems at Rosen's Furniture. We'll do our best to solve them. "Salesmanship and advice excellent. Always fair prices and good sales often. No high pressure salesmanship. Can shop relaxed" is the comment of Mr. L. S. of East Stroudsburg.

Spraying contract okayed

BY NORMAN LEHDE MILFORD — The Pike County Commissioners announced Monday they have signed an agreement with the Department of Environmental Resources for the spraying of 12,705 acres of land in Pike County for Gypsy moth control.

Four hundred and fifteen of these acres are state owned. The county will contribute one third of the cost of spraying 12,290 privately owned acres at a cost of \$3.48 per acre.

Commissioner Warner M. DePuy, who is acting as chairman in the absence of George Counts who is on vacation, said the spraying by helicopter would start on May 1. The successful bidder for the work had been Agroters Inc., Gettysburg.

Sevin or Dylux will be used.

DePuy said land owners in the infested area had been notified of the spray program and only a few protests had been received. These had been turned over to the Department of Environmental Resources so the properties could be excluded when the spraying takes place.

The program, under which vital areas are selected for control action is expected to suppress the moth, but not eradicate it.

Mrs. Genevieve Cahn who had been a part-time employee of the county, was hired as a full time worker at a salary of \$4,200. She will replace Mrs. Dorothy Martin in the commissioners' office. The latter has been named deputy treasurer.

The use of liquid fuel funds in an amount not to exceed \$1,000 was authorized in Shohola Township for work on Route 410. The work would include shoring and the placing of a drainage system in an area covering about three quarters of a mile.

Heart, diet talk set

KRESGEVILLE — The Kresgeville Senior Citizen's Club in conjunction with the Keystone Heart Assn. will present a program concerning diet and heart disease at 7:30 p.m., today in Salem St. Paul's Lutheran Church here.

Anne Androsko, R.N., will be the guest speaker. A film entitled "Eat to your Heart's Content" will be shown.

Cub Pack meets

TORYHANNA — The monthly meeting of Cub Pack 391, will be held at 8 p.m., Wednesday, April 26th at the fire hall in Toryhanna.

Moth spraying needed for now

Gypsy moth season is almost upon us. There are many indications, among them the increasing controversy about the planned spraying program in Monroe and Pike Counties, both badly ravaged by the pest last summer.

The controversy about the spraying program — both Sevin and Dylox will be used — is being fed by environmentalist groups expressing fear about the effects of the poisons on other forest life.

Their recommendation? Abandon the use of poisons and concentrate on the use of biological controls. These fall into two categories: reinforce the natural predators of the moth and employ parasitic and viral deterrents to the moth's development and reproductive cycle.

We agree that biological controls are best. But those calling for such approaches are forgetting one thing: The use of biological controls is in its infancy and much work must be done before parasitic and viral strains fatal to the gypsy moth, but not to other life forms, are developed and available in sufficient quantity to make a dent in the present gypsy moth population.

Dr. Ralph Klawitter, assistant director of the Forest Service's Insect and Disease Division, pointed out last weekend that, while the service has high hopes for biological controls, it will be several years before operational systems can be developed.

In the meantime, the gypsy moth, knowing nothing and caring less about the machinations of man, continues to spread throughout the Poconos and the northeast, devouring stand upon stand of woodland. The alternative to defoliation is spraying, to keep the moth within bounds that biological controls can handle when they are sufficiently developed.

An idea to consider

An amendment to the Pennsylvania Constitution has been introduced in the Senate which would enable the state to set aside surplus revenue for "the lean years."

The legislation was introduced by Senators Thomas P. McCreesh and Joseph Smith both Philadelphia Democrats. The amendment would permit the state to invest surplus state tax funds. At present, the state is prohibited from carrying over a surplus from one year to the next. The money must be spent. A constitutional amendment must be approved by two consecutive sessions of the Legislature and then by the voters.

"Businessmen recognize the need to set aside funds for the lean years," Senator McCreesh said. "State government should apply the same technique to their financial affairs."

He added: "By permitting investment of some surplus, the excess from the good years could have been applied against the bad years."

During the administration of Governor Scranton, the state had a huge surplus and had to spend it on programs which were not necessary. In the succeeding administration of Governor Shafer, the state ran low on money and was in a financial bind.

There is some merit to the proposed amendment. Too frequently the government of Pennsylvania has fluctuated between riches and rags. However, there could be a tendency of state administrations to hoard surpluses and not give the taxpayers the benefit. Nevertheless, the legislation should be given serious study.

The Pennsylvania Story

McGovern presents candidacy

Mason Denison

(EDITOR'S NOTE: The five Democratic presidential candidates on the Pennsylvania primary ballot April 25 — Republicans have no contest — have been asked by Columnist Mason Denison to serve as guest columnist to express in their own words why their particular candidacy should be supported.)

By GEORGE MCGOVERN

Democratic Presidential Candidate
HARRISBURG — My presidential campaign is based on the conviction that the American people want real reform in our politics and a real change in the way our government responds to their needs.

The average voter is fed up with old-style politics — with campaigns constructed on big secret money and back room deals, and waged with lavish promises which are promptly forgotten on election day.

And nearly all Americans have become frustrated and often outraged, at government which seems to ignore their greatest concerns — for jobs, for peace, and for human needs — no matter which party is in power.

Just attack

That widespread disillusionment means that it is not enough this year to just attack the Nixon Administration, or to wave our arms about reform without doing anything about it. Instead we have to earn the confidence of the people whose support we want and need.

In that spirit I adopted, before the first vote was cast this year, a series of open campaign practices designed to give voters full access to the information they must have to make wise political decisions.

They included a complete personal financial disclosure, a full and frequent disclosure of campaign contributors, answering questions from the audience at public appearances, and standing ready to debate any and all other candidates for the nomination.

That is one campaign promise which has already been kept. To the extent that other candidates have followed suit, we have taken a

historic step to fulfill not only the requirements of democracy but its spirit as well.

But a meaningful campaign requires more than that. The people also deserve to know how the candidates would act in the White House — whether they would just tinker with the system, or whether they would move forcefully for real change. And, most of all, they deserve an answer to the common sense question, "Where is the money coming from to finance the new priorities you describe?"

I have offered detailed plans to meet the domestic needs which have been piling up for so long — for education and property tax relief, for environmental protection, for improved medical care, for decent housing, for reliable public transportation, for better farm income, and for a series of others. I have described an agenda that can guarantee a job for every American who wants to work.

Simple plan

But before I outlined a single plan that would cost more money, I laid out a complete alternative defense posture and a comprehensive tax reform program to show how we can finance this new order of public business.

By reclaiming the tax revenues which are now leaking out through loopholes for the rich, by ending at last a war we all despise, and by eliminating waste, overkill and overruns in military spending, we can release some \$60 billion for pressing human needs. And in the process we can build a defense force based on muscle, and a tax system based on justice.

I would like to have 1972 remembered as the year when the American people recaptured control over their own government.

And I would like to see 1972 as the year when American set aside its preoccupation with senseless war and useless weapons and began moving decisively to build a more humane, just and secure society at home.

It is on that basis that I ask the support of Pennsylvanians in the important primary election on April 25.

Don MacLean

Not with it

WASHINGTON — My neighbor, Grigsby Smelt, is in the doldrums lately because he feels he's got out of touch with what's happening. To understand Grigsby, all you have to know is that he has a plaster flamingo on his lawn, some carved wooden ducks in flight formation over his fireplace and linoleum in his kitchen.

"For years," he lamented, "I've been trying to 'get with it,' but the spirit isn't in me. You take my car, a nice sensible, family sedan, blue, with no racing stripes. Everyone else around here has two cars, a sports car and a station wagon."

They're called ranch wagons now, I told him, and I added that the Neighborhood Betterment League, of which I'm a member, has been meaning to talk to him about his choice of cars for some time. What he has in his driveway really shatters the trendiness of our block. If he can't afford a sports car, I told him, the least he could do is have something foreign, even a Volkswagen, or a Honda motor scooter.

"It's not that I can't afford a sports car," he said, "it's just that I don't need a car that can go 110 m.p.h.; in fact, it scares me. And I hate being squashed in, looking up at everything, and I find bucket seats stupid. It's all you can do to get out of them. Who needs to feel like a fighter pilot just to drive to the supermarket?"

The man's a hopeless case. Even his choice of reading matter is beyond the pale. Several years ago I tried to get him to read James Bond and he said there was too much sex in it, and, besides, he likes Zane Grey! I once gave him a copy of Playboy and he said the ads for camping equipment weren't as good as the ones in Field and Stream.

He buys all of his clothing at discount warehouses and they fit him as well as any G.I. issue. "Maybe," he said to me the other day,

"I should get some turtle-neck shirts and a Nehru suit." I told him that he was about five years too late, that those are out and that double-breasted suits are in. He said that's good, he has lots of those; and his wife is thrilled that Vogue is getting interested in the 1950 look.

Ordinarily, the Smelts are not Nixon supporters, but they've liked him ever since they read that the Red Chinese serenaded him with "Home on the Range," their favorite song. As I started to leave, the Smelts invited me to stay and watch the Andy Williams Show, but I said I found it too exciting.

Besides, I was afraid they might start drinking and I find it difficult to be sociable in company with a man who drinks Bourbon and gin and a woman who drinks vodka and cola. Oh, well, at least he's stopped wearing white socks.

Found a store yesterday that's selling plastic ties to put on bowls of plastic fruit.

Letters TO THE EDITOR

Shame on long-hairs

Editor, The Record:

Let's look at the other side of the long-hair-on-males problem.

One of the most revealing dissertations on the meaning of the current fad of males wearing long hair is found in the book, "Do It", authored by one of the top revolutionaries of the country, a self-confessed communist, a profane writer and user of filthy words, a member of the convicted Chicago 7 and, most of all, a symbol of rebellion against all authority, parental and governmental.

He is Jerry Rubin, radical hero of the New Left. Here is what Rubin says in his book:

"Young kids identify short hair with authority, discipline, unhappiness, boredom, rigidity, hatred of life — and long hair with letting go, letting your hair down, being free, being open."

"Where we go, our hair tells people where we stand on Vietnam, Wallace, campus disruptions, dope. We're living TV commercials for

the revolution. We're walking picket signs.

"Every response to long hairs creates a moral crisis for straights. We force adults to bring all their repressions to the surface, to expose their real feelings."

"Long hair is the beginning of our liberation from the sexual oppression that underlies this whole military society. Through long hair we're engaged in a sexual assault that's going to destroy the political-economic structure of American society."

But what saith the Bible, that book upon which our Western civilization was founded?

Listen to the apostle Paul as he writes to the church at Corinth in his first of two letters to that congregation:

"Doth not even nature itself teach you that, if a man have long hair, it is a shame unto him?" 1 Corinthians 11:14.

NEIL C. KEMP
Brookheadville

Earth Day activity

Editor, The Record:

As a taxpayer and lifetime resident of Pennsylvania and Monroe County, I would like to suggest a worthwhile project for all interested citizens as well as visitors; a special way to observe Earth Day — 1972.

On that day, or any day during the week, drive or walk to the Monte Crowe Industrial Park between the hours of 3:30 p.m. and 4:30 p.m. If you're driving, keep your windows closed and if you're walking, hold your breath or wear a gas mask.

One morning this week I walked out of our house (near the industrial park) to my car. It was a beautiful morning with the sun shining brightly and the sky a clear blue without a cloud anywhere. Suddenly, from across the way, a huge black column of smoke puffed its way into the sky and proceeded to drift over

the other factories and homes and the highway.

It isn't bad enough that they (a junkyard) pollute our air but sometimes we can't even breathe outside there. They clog the air early in the morning and spoil the whole day.

Well, at least we won't have to worry about the gypsy moths in the Monroe Hills area. They couldn't stand to live here in the trees let alone lay eggs in them. Also, they won't have to spray for mosquitoes here either. They're already smoked out.

I don't know if other people have noticed the smoke and awful smells polluting our life-giving air here in the beautiful Poconos but maybe somebody had better take notice while they still can breathe.

A CONCERNED CITIZEN
Monroe County

Pornography not tied to crime

Editor, The Record:

While I agree with Mrs. Swingle that there has been an increase in snuff peddling, I do not agree that snuff peddling increases crime.

Since we have been hiding the so-called facts of life from our children and making them go to church on Sunday while we engage in either reading this snuff or doing some other petty thing, we have been contributing to the increasing crime rate by letting our children see the hypocrisy of the older generation.

If pornographic materials, instead of being hidden, would be openly shown and properly explained to our children, then maybe they would realize that pornography is only an act of a culturally enriched person and should be enjoyed or laughed at and not taken as agents of the devil.

BRUCE MAGER
East Stroudsburg

Pot trials waste money

Editor, The Record:

This morning I read your article, "Marijuana Case Continued In County Juvenile Court". I couldn't believe it.

After all the news of recent weeks about the president's committee's report urging leniency for users it seems incredible that taxpayers' money is spent and time is wasted on such a trial.

Survey's show that almost 50 per cent of the nation's college students have at least experimented with marijuana, and I am sure

there's a good per cent in the high schools too.

I'm surprised this situation could not be handled by the school itself. This is a matter of dealing with a contemporary social problem, not a criminal affair.

How are we to win the confidence and respect of young people if we turn them over to the police for one roach of marijuana and bad breath?

MRS. MAJ KALFUS
East Stroudsburg R.D. 3

Jeffrey Hart

Kennedy speaks

WASHINGTON (KFS) — Senator Edward M. Kennedy today rose in the Senate to denounce as an "outrage" the policy of the Churchill government "to let the slaughter proceed" in France, incensed over "the escalation" and its consequences. Kennedy decried the "senseless killings."

(LILLE, May 15) — The surrounded French Fifth Division fought for survival this morning and the issue was the control of the northeastern approach to Paris. A major battle is in the offing. Yesterday thousands of German assault troops crossed the Marne in four places. Heavy artillery and rocket attacks overwhelmed French and British positions along the Belgian border. In the Ardennes, the German mechanized forces gained as much as ten miles a day in their initial thrusts. Radio Berlin proclaimed that France was "on the threshold of liberation" and propaganda minister Josef Goebbels praised "patriotic elements" within France for their efforts in behalf of liberation. The liberation of France, he said, would be a victory for progressive Frenchmen.

On the Senate floor, Senator Kennedy denounced the "corrupt regime" of Premier Paul Reynaud, and decried this "senseless slaughter." He noted that "the lives of men, women and children would be lost." He was especially eloquent in his denunciation of the RAF, whose air strikes in support of the French were, he said, "wholly immoral and unjustifiable." He accused the "Churchill regime" of considering the "political life of the Reynaud government" more important than "the deaths of thousands of French and German soldiers and civilians. I do not believe it is," he said.

Near Strasbourg, French units awarded new panzer and rocket onslaughts. German sapper units were sighted near the strong points west of Verdun. Tank units reportedly had cut the road to Calais, but this was denied by French GHQ, which has moved south from

Paris to Rheims. Unprecedentedly strong rocket and anti-aircraft fire severely hampered RAF operations. Cloud cover in Normandy and near the Channel also made air strikes difficult. The Nazis, after occupying Lille, officially proclaimed it the capital of the National Socialist People's Republic of France. Pierre Laval was named as first president of the National Socialist People's Republic.

On the Senate floor, Mr. Kennedy took note of the willingness of the Berlin government to negotiate. He recalled the German proposal for a "coalition government" in Paris, and he felt that this avenue should be explored. Berlin, he said, is not the roadblock on the long march to peace. He praised the German willingness to negotiate, as at Munich, and he cited 36 references to "peace" in recent speeches by Mr. Hitler himself. The resolution of peace in France, Senator Kennedy concluded emotionally, can come only through a negotiated settlement with the German government in Berlin. Let us, he said, pray for peace.

It's satire

But the Muse of Satire has her limits, and irony at last must give way to the direct statement of truth.

Senator Kennedy is the most dangerous demagogue to have appeared in American politics since Senator Huey Long. He is also the most pitiless. And his real capacity for danger is not diminished by the fact that he is morally and intellectually frivolous.

Markin time

Discretion is a guiding light

And needed for the better life.

You have it when you think you're right.

Then to be sure, you ask your wife.

Luther Markin

Queen and her court

Introducing Tobyhanna Army Depot's 1972 Queen and her court. In the forefront is Queen Gina DePoti. Standing directly behind the new queen, left to right, are Princesses Victoria Cerasaro, Hazleton; Rosemary Creedon, Moosic; Linda Keen, Scranton, and Sylvia Simmons, West Pittston.

Depot queen chosen

TOBYHANNA — Exuding an abundance of charm, poise and confidence, pretty Gina DePoti was chosen to reign as Tobyhanna Army Depot's 1972 queen at the recent 11th Armed Forces Queen Contest.

Miss DePoti previously had served as a princess in 1969 and '70. The 5-3½, 113-lb. beauty is a daughter of Mr. and Mrs. John DePoti, 14 42nd St., Carbondale. The couple also has twin daughters, Mary Ann and Judy Ann, 14.

A graduate of Carbondale Area High School, Miss DePoti's hobbies are cooking, baking, oil painting and all sports.

Princesses chosen were Victoria Cerasaro, Hazleton; Rosemary Creedon, Moosic; Sylvia Simmons, West Pittston, and Linda Keen, Scranton. All are clerk-typists, with the exception of Miss Simmons, a clerk-stenographer.

The new queen and her court will serve as hostesses at the depot's Open House during Armed Forces Week next month, ride atop the depot float at area parades and act as depot representatives at important functions during the year.

The depot's Civilian Welfare and Veterans Councils sponsored the annual event.

Judges were State Rep. Ray Musto, Pittston; John Dougherty, manager of the Stroudsburg Office, Bureau of Employment Security, and John Bartosh, faculty member and head of communications at Marywood College, Scranton.

Stan Lukowski of Throop, a member of the depot's Public Information staff, was master of ceremonies for the sixth straight year.

Production set for Centenary

HACKETTSTOWN, N.J. — "Squaring the Circle," a farce by Valentine Kataev, will play today through Saturday, in the Little Theater of Centenary College for Women, with curtains at 8 p.m.

The action of the play takes place during a severe housing shortage in Russia. Two confirmed bachelors, unknown to each other, marry on the same day and bring their brides to live in a room borrowed from a poet, who returns to claim his room.

A chalk line is drawn to make apartments — spartan bareness on one side and capitalist comforts on the other. The couples not only find the poet a headache, but they soon realize they are mismatched and hanker for the partner on the other side of the line.

Playing the mismatched couples will be Kenneth Nerbak (Hackettstown) as the serious-minded Vasya and Sarah Pryor (Rocky River, Ohio) as the kitchy home-girl Ludmilla and Ronald Walters (Hackettstown) as the frivolous Abram and Susan Bunting (Sulfield, Conn.) as the earnest, studious Tonya.

DEAR ABBY

Wife May Play It Cool to Get Air Conditioner

By AMIGAIL VAN BUREN

DEAR ABBY: We live in Huntsville, Ala., where it's very hot and humid. My husband makes over \$20,000 a year. We live in a \$35,000 home, have no debts, our children are gone and on their own, and we have money in the bank. My complaint? My husband refuses to put air conditioning in the house.

He works in air conditioned comfort all day while I slave over cleaning, cooking, ironing, and nearly die of the heat. He says cheap air conditioning is too noisy, and good air conditioning is too expensive. How can I change his mind?

ABBY

BURNING UP IN HUNTSVILLE

DEAR BURNING: The price of the finest air conditioning system available will look like peanuts compared to what your husband would have to lay out in doctor bills should you collapse from heat exhaustion. Make a little noise on your own, sister, and chill that man of yours until he thinks a North Dakota blizzard has gripped Huntsville. So air conditioning is too expensive? It's a lot cheaper than nitroglycerin.

Thanks, Abby.

We couldn't have said it better. If you were burning up last summer in that home of yours, now is the time to do something about it. Remind your husband that he can Trane his red hot mama to be a cool chick with Trane Whole House Air Conditioning, installed by Charles J. Gordon Company.

And now is the time to have Chas. J. Gordon Co. install Trane Whole House Air Conditioning. Prices are lower, Gordon technicians are immediately available and you'll be ready for summer's first heat wave. Write or call now for a free, no obligation estimate.

Marsha Louise Stiles wed

PORTLAND — Miss Marsha Louise Stiles, daughter of Mr. and Mrs. Robert Stiles of Mount Bethel, and Gary Eugene Trigiani, son of Mr. and Mrs. Eugene Trigiani of 4500 Bayard St., Easton, were married Saturday, April 15 at the Portland Presbyterian Church in Portland.

Given in marriage by her father, the bride wore a sateen gown with a chapel-length train. The bodice was of Venice lace and a high neckline and long Juliet sleeves completed the look. The bride wore a matching mantilla of the same lace.

Miss Deanna Stiles, the bride's sister, was her maid of honor and Mrs. Charles Gibney was the matron of honor.

Miss Marsha Smith, Miss Nancy Karlik, and Miss Janis Trigiani, the bridegroom's sister, were bridesmaids. They wore chiffon gowns, all in white, with a tie-dyed waist, high neckline and long sleeves.

Miss Melissa Brands was the flower girl.

The best man was Thomas Bubba and the ushers were Philip Capobianco, Michael Uhler, Leonard Feinberg and Frank Zingone. Robert Brands was the ring bearer.

A reception at the Mount Bethel Fire Hall followed the service.

The bride is a Bangor Area High School graduate and was graduated from Albright Col-

Mrs. Gary Eugene Trigiani (Jack 'N Jill Studio)

lege with a B.A. in psychology. Her husband was graduated from Wilson Borough High School and received a B.A. in psychology from East Stroudsburg State

College. He is employed by the Northampton County Probation Office.

Following a honeymoon in Puerto Rico, the couple will reside in Easton.

Family Fare

La Leche League sets earth fair participation

STROUDSBURG — The Pocono Mountain La Leche League, an organization offering encouragement and practical non-medical advice on breastfeeding, will participate in the Monroe County Earth Fair to be held April 22 at the Stroud Township Municipal Building from 10 a.m. to 4 p.m.

The group will illustrate how breast feeding saves on trash disposal as compared to the artificially-fed baby. The League's manual "The Womanly Art of Breastfeeding" and their new cookbook "Mothers in the Kitchen" will be available there.

The Third annual Pennsylvania State La Leche League meeting will be held on April 29 in State College. The meeting will afford the opportunity to learn more about "Good Mothering Through Breastfeeding." An attendance of 200

state delegates is expected.

Mrs. Martin Somer, local league co-leader will be a guest speaker on an experts panel discussing specific points relating to weaning. Also attending from the local group will be Mrs. Carlton Perry, Mrs. Marian Thompson and Mrs. Rita Gorski.

The Stroudsburg La Leche League will meet at 8 p.m. on April 26 at the home of Mrs. Carlton Perry, 405 White Birch St., East Stroudsburg. The topic for this month's discussion is "Family Nutrition and Weaning."

On May 10 from 1 to 3 p.m. the league will meet at Mrs. Perry's home to discuss "Mothering a Toddler." Mothers may bring their children. Any woman nursing or with an interest in nursing is invited. There are no charges or compulsory membership fees.

Miss Altemose April bride

PORTLAND — Miss Carolyn Jane Altemose, daughter of Mr. and Mrs. Harold Altemose of 236 Washington St., Bangor, and Richard Dorshimer, son of Mr. and Mrs. Roy Dorshimer of Gilbert, were married on Saturday, April 8 in the Portland Presbyterian Church. The Rev. John Godoik performed the ceremony.

Given in marriage by her father, the bride wore a white V-necked gown with long sleeves and a lace and seed-pearl headpiece from which flowed a waist-length veil. She carried a bouquet of assorted spring flowers and baby's breath.

Mrs. Robert Kasebier of Portland, the bride's sister, served her as matron of honor. Bridesmaids were Mrs. Russell Basely of R.D. 1, Bangor, the bride's sister, and Miss Carol Buzzard of Ackermanville.

Gayle Zeman of Portland and Joann Basely of Bangor were flower girls.

Bill Dorshimer of Gilbert was the best man and the ushers were Robert Kasebier of Portland, and Milfred

Mrs. Richard Dorshimer

Kasebier of Wind Gap. Mrs. Edith Emery accompanied at the organ.

Following the service, a reception was held at the Plainfield Riding Club in Plainfield Township.

The couple is honeymooning in the midwestern states. The bride is employed at A.H. Sportswear in Pen Argyl and the bridegroom is employed by Bob's Auto Garage in Portland.

Garden and cookbook manual now available

Kitchen Gardens by Mary Mason Campbell (170 pages, Scribner's, \$6.95).

If you're a gourmet, garden variety, you'll find this charming little volume especially useful. Not a cookbook really, and not exactly a garden manual either, this is a year-round guide to growing and using herbs and vegetables.

The cook who is also blessed with a "green thumb" will find helpful instructions for

growing and preparing all those marvelously tasty vegetable varieties that don't grow in the supermarket or freezer case!

Herbs — how to grow, harvest, preserve and use them — are covered with a depth beyond the scope of most cookbooks. Mrs. Campbell covers her subject with such clarity and enthusiasm that even nongardeners will find themselves tempted to try a windowbox of fresh dill or a hanging basket of Tiny Tim tomatoes.

Not the least of this book's delights are Tasha Tudor's illustrations, quaintly evocative of childhood summers long past.

Eagles auxiliary plans sale

STROUDSBURG — The Eagles Ladies Auxiliary heard at its recent meeting a report given on the April 11 bake sale.

A rummage sale is being planned for May 9 and 10 at the YMCA. Merchandise should be brought there between 7:30 and 9:30 p.m. on May 8.

Joan Wilson was presented with a pin for securing a new member from Ann Edinger, membership chairman. Mildred Shafer prepared the best circle sandwiches for refreshments.

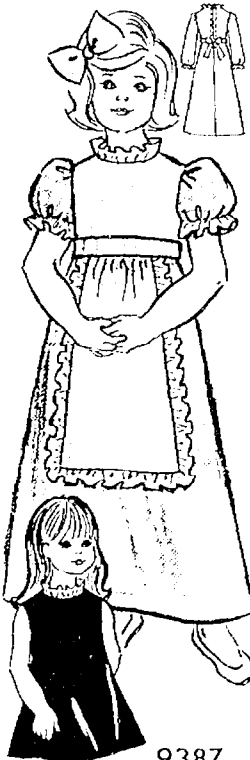

During the next meeting on April 25, there will be nomination of officers.

THIS MAY ANSWER YOUR QUESTION

By Dr. Thomas F. Snyder D. C. C. C. O.

Someone remarked the other day that he didn't know Chiropractors could do anything for headaches. Similar remarks are made concerning heart trouble, stomach trouble, hay fever, colitis, rheumatism, and a host of other conditions.

Even patients upon recovery from one ailment through Chiropractic are sometimes unaware that adjustments can correct the cause of many other ailments. The point is that Chiropractic is not limited to correcting backache, but is an all-around health service.

Chiropractors realize fully that there are conditions necessitating certain medication or surgery, and will not hesitate to recommend these services when they deem it necessary. Bear in mind, however, that most cases that come to the Chiropractor, have tried everything and have turned to Chiropractic as a last resort.

(One of a series of articles published in the public interest to explain and illustrate the scientific practice of Chiropractic, written by Dr. Thomas F. Snyder, Chiropractic - Orthopedist, Broadheadville, Pa. 18322 Phone: 992-4787.)

Television highlights

TODAY

"Double Jeopardy" is a repeated drama on NBC at 7:30 p.m. that has Lauren Bacall playing two roles in a story about identical twin sisters suspected of murder when the husband of one disappears.

ABC at 7:30 repeats "Octopus, Octopus" of "The Undersea World of Jacques Cousteau" series.

CBS preempts "The Glen Campbell Show" at 7:30 for a documentary special, "What's New at School?" a look at changes in educational methods.

"Thou Shalt Not Kill" at 8:30 on NBC is a one-hour documentary about two men who murdered six persons in Salt Lake City.

ABC's "Movie of the Week" at 8:30 repeats "The Birdmen," starring Doug McClure, Chuck Connors and Richard Basehart in a tale of World War II prisoners escaping from a German prison.

The CBS "Hawaii Five-O" repeat at 8:30 is an episode in which five prominent citizens seek revenge through a criminal act, stealing \$6 million.

WEDNESDAY

"It Takes a Lot of Love" is a one-hour special on CBS at 8 p.m. dealing with the devotion existing between animal fanciers and their pets. Actor Chad Everett is host-narrator. Carol Burnett's show is preempted.

"NBC Mystery Movie" at 8:30 repeats "The Easy Sunday Murder Case," one of the McMillan episodes. Disappearance of a God, a kidnapping and a murder interrupt a weekend.

Roger Moore is a guest on "The Marty Feldman Comedy Machine" for ABC at 9.

Opening lead—six of spades.
There is one great advantage to being either an optimistic bidder or the partner of one. It gives you lots of practice playing next to impossible contracts, and this in turn tends to sharpen your game.

Consider this deal where North-South wangled their way into a slam. The club bid was artificial, and so was South's negative response of a diamond. From then on, North more or less took charge of the bidding.

Declarer won the spade lead with the ace, cashed the king of hearts and ace of diamonds, then led a trump to the jack and discarded dummy's spade on the ace of hearts.

Declarer's plays up to this point had been fairly automatic, but he was now faced with the task of losing only one club trick to make the slam.

This challenge he met very neatly when he led a club towards dummy and ducked when West played the king!

West was now defenseless, whether he led a spade or a heart. Actually, he returned a heart. Declarer trumped high in dummy, cashed the A-Q of clubs, ruffed the ten with his last trump, and so made the slam.

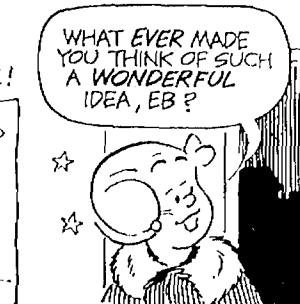

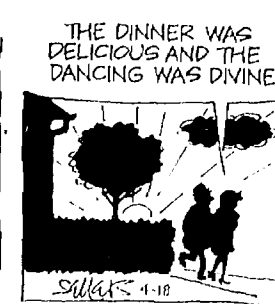

South would have gone down one had he won the king of clubs with the ace. In that case, the best he could then do would be to lead the queen and a low club, hoping to ruff dummy's fourth club.

But East would win the third round of clubs with the nine, return a trump, and dummy would be left stranded with the ten of clubs which could no longer be salvaged.

Obituaries

Peter L. Hawk
EAST STROUDSBURG — Peter L. Hawk, 71, of Blakeslee, died at the General Hospital of Monroe County Monday.

Born in Blakeslee, son of the late John and Sally Ann (Meekes) Hawk, he was a retired employee of the Pennsylvania Department of Transportation. Since his retirement he had been employed by Pocono Lake Preserve.

He was a member of the Blakeslee Methodist Church where he served as a trustee.

He is survived by three daughters, Mrs. Betty Gross, Sugar Loaf, Mrs. Ruth Wildrich, of Francis E. Walter Dam, and Mrs. Shirley Ann Valenze, of Pocono Pines; two sons Robert Hawk, of Cresco, William Hawk, Cornwall Heights; three sisters, Mrs. Bessie Jersky, Philadelphia, Mrs. Lucy Gill, of North Carolina, Mrs. Carrie Gardner, Blakeslee; three brothers, Erastus Hawk, Allentown, Milton, of Bethlehem, Theodore, of Plymouth; and four grandchildren.

Funeral services will be held 1:30 p.m. Thursday from the Blakeslee Methodist Church with Rev. Kenneth R. Gay officiating. Burial will be in the Blakeslee Cemetery.

Viewing will be held between 7 p.m. and 9 p.m. Wednesday from the Kresge Funeral Home, Brodheads ville.

Lynn A. Rau

QUAKERTOWN — Lynn A. Rau, 75, of 611 Portzer Road, Quakertown, died Saturday in Quakertown Community Hospital. He was the husband of Ruth (Kern) Rau, at home, and the late Carrie (Bartholmew) Rau.

He was employed by the Quaker Safety Products Co., Quakertown, for the past 17 years.

Born in Bethlehem, he was a son of the late Henry and Marie (White) Rau.

He was a member of Trinity Great Swamp United Church of Christ, Spinnerstown.

In addition to his widow, he is survived by a son, Robert, of Quakertown; a grandson, Lynn J., of Pennsburg, Pa., and a brother, Harry, of Allentown.

Funeral services will be held at 2 p.m. Wednesday in the Arthur W. Treffinger Funeral Home, 20 N. Ambler St., Quakertown.

Viewing will be from 7 to 9 p.m. today in the funeral home.

Burial will be in the Trinity Great Swamp United Church of Christ Cemetery.

Bitzer gives talk

CANADENSIS — District Forester John Bitzer will be the guest speaker at the next meeting of the WSCS of the Canadensis United Methodist Church set for 7:30 p.m. Thursday in the Fellowship Hall.

Additional survivor

EAST STROUDSBURG — Samuel B. Hartshorn, 81, of Henryville R.D. 1, who died Sunday in Stroud Manor is also survived by a son Bernard Hartshorn of Saylorsburg.

ESSC camping confab to draw large attendance

EAST STROUDSBURG — A large number of campers are anticipated this weekend for a Camp and Outdoor Education Conference to be held Friday and Saturday at East Stroudsburg State College.

The conference is being co-sponsored by the Eastern Pennsylvania Section of the American Camping Association and the college's Recreation Association.

All conference sessions will be held in Koehler Fieldhouse, and activities are scheduled at Stony Acres, the 119-acre student-owned recreation area located near Marshalls Creek.

Among the topics to be discussed during Friday morning's session are "Trends in the Camping and Outdoor Education Field," by Dr. Thomas J. Rillo, professor of environmental education and coordinator of graduate environmental studies at Glassboro State College, and "Program Enrichment," by Robert Rorrick, director of camping services at the Valley Forge Council of the Boy Scouts of America.

A panel discussion of the "Practical Aspects of Outdoor Education" will be held at 2:15 p.m. Friday. Moderating

the session will be Helen G. Brown, coordinator of outdoor education and recreation at ESSC.

Panel participants will be Ralph Knauf, director of Outdoor Learning Center, principal, Clearview Elementary School, Stroudsburg; Richard Pasvolsky, programming, assistant professor of environmental education, Stokes Forest, N.J., and now serving in ESSC's recreation department; and Eleanor Bennet, advisor to the state Department of Education, who will discuss financing basic organization conservation and education.

Field instruction will continue during the afternoon session at Stony Acres.

Basic instruction in canoeing, shooting education and archery will be among the activities offered during the afternoon.

A chicken bar-be-que, at 6:30 p.m., will be followed by films on wildlife and camping.

Saturday's program will feature a discussion by Leonard Gordon, president of the Eastern Pennsylvania Section of the American Camping Assn., with a talk to follow by

Arthur Mittelstaedt, consultant, Planning Associates, Bohemia, N.Y.

Harry Schwartz, director of YMHA Camps, Schwenksville, will present a talk of "Multiple Use of Facilities."

A panel discussion concerning helpful resource personnel will be held at 11:30 a.m.

Following lunch Saturday, Jules Samitz, director of Camp Tanalo, East Stroudsburg, will discuss "Winterizing the Camp."

Squatter arrested

STROUDSBURG — State Police Saturday arrested Nikolaus Hans Vandenhurk, a Tocks Island squatter, for allegedly failing to appear for a trial in Delaware.

State Police at Stroudsburg said they arrested Vandenhurk in the Tocks area after being notified a Delaware Superior Court had issued a bench warrant for his capture.

Vandenhurk's return to Delaware is tentatively scheduled for today.

West End Park takeover decision expected in May

STROUDSBURG — A decision on whether three townships will assume control of the West End Park and Playground facilities is expected in May, the Monroe County Park Commission reported Monday night.

Township officials from Chestnuthill, Eldred and Polk are hopeful of reaching a decision during their regular monthly meetings the first week in May.

Ross Township supervisors declined interest in the matter and did not participate in a special meeting held April 10 to discuss the issues of the proposed takeover.

If an agreement is reached, the townships will observe the operations of the facility this season and take control during the 1973 season.

In other business, the Monroe County Park Commission will officially open the current season on June 18 and remain open up to and including Labor Day.

In the interim, committee members from the West End and First Ward will interview applicants for life guards. Two are needed at each facility. The parks are customarily opened from 1 to 7 p.m. six days a week.

The commission pointed out the person in charge of the facilities must be 21 years of age.

The First Ward committee will meet April 24 at the East Stroudsburg Elks Club to discuss the possibility of extending the park's hours at the recreational building.

The committee, composed of James Coca, Ed Price, Art Kitzman, James Wilson and Mrs. Doris Hilton, will determine whether the extension is feasible.

Some residents have already indicated they opposed such a move. A closing time of 11 p.m. was aired previously, but some resident objected to the late hour.

Mrs. Hilton contended she

has volunteers who will inform the youngsters of the rules and regulations which must be followed. She preferred an opening before June "as the youngsters, not only from the First Ward, but from the entire area, need a place for recreation."

Kitzman told the members he had received numerous phone calls the past weekend on the proposal. Many callers did not support the late hour, he said. The 11 p.m. closing was just a guideline used by the commission.

West End representative Russell Scheller received the nod to seek three bidders for installation of dusk-to-dawn lights at the park. Five lights have been proposed. The cost was estimated from \$800 to \$1,000 for the work.

Scheller pressed for the lights as a means of preventing vandalism at the park. He said lighting "should be done now, as it will curb the vandalism almost entirely."

Replaces departing official

Vo-tech director named

STROUDSBURG — Dr. Walter E. Brown, principal of the Warren County (N.J.) Vocational-Technical High School, was named Monday night as director of the Monroe County Area Vocational-Technical School by the joint committee.

Brown, 37, will replace James Bell, whose resignation is effective May 31.

Brown received his doctorate from Rutgers University, with a major in

educational research and college teaching. While at the university, he held the position of assistant director of the curriculum laboratory of the New Jersey Vocational Division.

He received his undergraduate and master's degrees from Montclair State College, The Washington, N.J., resident holds a permanent vocational principal-director certificate from New Jersey.

A high school teacher for 10

years, his resume states he developed a chemical technical program at the high school level, the first such program in the country.

Brown is a member of two honor societies: Epsilon Pi Tau and Phi Delta Kappa and served in the U.S. Army for eight years.

His non-teaching experience includes technical work in chemical research and one year as a radioisotopes technician.

Crash victim identified

STROUDSBURG — The third victim of Sunday night's fatal crash on Interstate Route 80 in Stroudsburg has been identified as 14-year-old Charles Genzel, son of Henry and Regina Genzel, of West Pittston, who were also killed in the crash.

The three died when their small domestic car skidded from the westbound lanes of I-80 during heavy rain, crossed the median strip near the Main Street, Stroudsburg exit and collided with an eastbound tractor-trailer. The truck driver was uninjured.

All three were thrown from their car and pronounced dead at the scene.

Monroe County Deputy Coroner William Kresge attributed the causes of death to massive head and internal injuries.

No satisfaction received on question of tourism aid

STROUDSBURG — The Monroe County Commissioners received no satisfaction for an appeal to have tourist promotion money put back in the state budget Monday.

In a communication from the Governor's Office, the elimination of tourist funds was said to be an annual savings of more than \$1.2 million.

The Governor's Review on Government Management recommended the legislature "eliminate the Bureau of Travel Development" and the appropriation be returned to the general fund.

It said travel information can be distributed from the Governor's Information Center in the Capitol Building.

When it was learned the money might be stricken from the state budget, the Monroe County Commissioners said the move might mean a loss of \$40,000 for the Pocono Area and requested further consideration.

Since each Cabinet member will be responsible for the implementation of the recommendations in his or her department, the Governor's Office recommended the commissioners contact Secretary of Commerce Walter G. Arader.

The commissioners said Monday they would contact Arader.

Last time the state budget was submitted, tourist money was cut and then restored by the legislature before passage.

Students may boycott stores over residence restrictions

BY CONRAD GROVE

Pocono Record Reporter

EAST STROUDSBURG — Students at East Stroudsburg State College may boycott stores in that borough unless students are allowed to rent where they choose, according to Robert Richey, Student Senate president.

— Richey presented a letter to council — to be considered tonight — from the Pennsylvania State Assn. of Student Governments condemning zoning ordinance 653.

The organization represents some 70,000 students. The group's presidents "urge the immediate repeal of this ordinance by the borough officials."

Should this not happen, Richey said Monday:

"We patronize local merchants. Faculty and

students pay taxes in East Stroudsburg. We'll boycott East Stroudsburg stores."

Basically, the ordinance restricts students desiring apartments or houses to an "R-2A" zone, bounded by Interstate 80, Prospect, Ridgeway and Braeside Streets. Rooms can be rented anywhere.

But there is no area in the borough where students can automatically rent houses or apartments. In the R-2A zone, a person wishing to rent to college students must request approval from the borough's zoning hearing board.

Section 2.139 of the ordinance approved in 1969 reads:

"Student residence. All structures, except rooming houses, used primarily for the housing of college students

shall be considered student residences. Such student residences shall include dormitories, fraternities and sororities and also other structures occupied by groups of students sharing the premises."

To Richey, this "doesn't say a damn thing." He noted there are no dorms or sorority houses on borough grounds. "There are three fraternities and they pay taxes."

Constitutional right "It should be a basic constitutional right for anybody to live where he wants to live, regardless if they're a student or not," charged Richey.

He pledged the "college will vote out any councilman in the ward that doesn't take our view," and added "It's in our minds now to run a student for borough council."

As Dave Rhine, vice-president of the Senate, interprets the ordinance, four young people — not college students — could rent anywhere in the borough with no hassle.

Are college students more destructive of property?

"No more than any other citizen in the borough," avows Richey.

He said letters may be written to store owners at the nearly-completed Pocono Plaza shopping center "and tell them they can expect a boycott if they come."

Rhine says on-campus housing is "fine for freshmen. It's simply a matter of personal choice. We feel it's like looking at college students as if they aren't citizens."

"We want to work with the borough council," he stressed,

"but when things like this (the ordinance) come out, we feel it's directed at students."

One test of the ordinance came when Gary Cook, a former ESSC student, attempted to rent a student residence outside of the R-2A zone on Lackawanna Avenue.

He was turned down by the zoning hearing board in early 1971 and the decision was upheld earlier this year by Judge Arlington Williams.

Williams noted in his opinion the "said ordinance contains no provision allowing a student residence in an R-2 zone..."

He listed numerous other reasons, including there "is no evidence that the premises are equipped with a fire escape" and a third floor room was used as a sleeping quarters.

Recycling centers listed

STROUDSBURG — The week of April 17 through 22 has been proclaimed Environmental Awareness Week by the Monroe County Commissioners.

In keeping with that proclamation, the Monroe County Environmental Action Group has released the following list of current newspaper recycling centers and collection organizations which can be contacted to pick up old newspapers: (All papers should be dry and tied into bundles or placed in paper bags.)

The East Stroudsburg Borough Shed in Day Street, and the Stroudsburg Borough Shed on North Fourth Street.

Both centers are sponsored and maintained by the non-profit Monroe County Environmental Action Group. They are open from 9 a.m. to 4 p.m. daily. Proceeds from the sale of the papers go into environmental education and information programs.

Boy Scout Troop 81 in East Stroudsburg collects papers within the area of the Stroudsburgs on the first Saturday of each month. The Boy Scouts use the money for summer camp, tents and other equipment. For pickup, call Richard Parton, scoutmaster, at 421-3938, or Richard Powell, 421-1422.

In Sciota, newspapers may be brought to the Hamilton Elementary School. Proceeds go to the Hamilton Parents-Teachers Association.

Church center In Cherry Valley, the Cherry Valley United Methodist Church recycles newspapers to help support missionaries in Brazil. Anyone interested in contributing may call 992-4886. Papers are picked up on a monthly basis.

Any resident in East Stroudsburg may have his newspapers picked up with his trash and the newspapers will be recycled. The borough began the service last year.

The only requirements are that the papers be neatly tied into bundles and placed beside the trash cans on dry collection days only. Wet newspapers cannot be recycled.

The Monroe County Environmental Action Group suggests that if any organization would like a good and continuous source of fund raising, that members consider collecting newspapers and selling them to the two local markets.

Sobel files appeal with court

STROUDSBURG — Sobel Construction Company filed an appeal of the rejection of a \$1 million housing project it hoped to build in East Stroudsburg.

The Pleasantville, N.J., construction firm filed the appeal in Monroe County Court, charging the East Stroudsburg Zoning Hearing Board acted "arbitrarily and capriciously" in denying a zoning variance for a 250 unit development near East Stroudsburg State College.

In making its rejection, the zoning board said the project was too large for the traffic conditions in the area.

The board recommended the project planners consider other areas of the borough be considered for the project site.

Council members divided on student housing matter

EAST STROUDSBURG — What action is planned by the borough council on the zoning ordinance labeled "discriminatory" by the East Stroudsburg State College Student Senate president?

"We'll work along with the college," said Pearley Hunt, council president.

Does he think the ordinance discriminates against students?

"No, but we're going to do our best to give them what they want. Officials will try and arrange it to work this out so it's in their favor. That's the way I'd like to see it, but we want them to work with us too."

Councilman Jack Wallie contends, however, "The ordinance was made for the purpose of confining students.

There's no doubt about it."

He believes the community "strongly favors the ordinance as it now stands" and doesn't look for any "immediate change without first discussing it with the college administration."

Second Ward Councilman Charles Merring, whose district includes part of the R-2A zone and borders ESSC was asked: Would you like to see students rent anywhere in the borough?

Control necessary "Only if they're controlled in some manner," replied Merring, "by the person renting the house or the college or a combination of some sort."

Would he like to have the ordinance revised?

"I would like to see the administration at the college

quit letting the kids run all over them. Until proven otherwise, the court has upheld the legality of the ordinance."

"I don't want to see the ordinance just relinquished until we can come up with some guarantee of control."

Merring says there are "people in my ward who have moved or are going to move simply because they can't stand the nuisances they have to put up with."

Parking problem

He cited parking as his prime example. The ordinance stipulates 1.5 off-street parking places must be provided for each occupant in rooming houses or dormitories.

Merring advocates two. "If you want to call that

discrimination, you can call it what you want."

He said students "actually trespass on other people's property with their cars" and residents are bothered by parties.

"I wouldn't want to live next door to one, I'll tell you," said Merring. "The people who own these houses and rent them out should realize what a nuisance it is."

Borough solicitor Edwin Krawitz was also asked if he thought the ordinance contained possible discrimination.

"As solicitor, I am charged with the responsibility of supporting borough legislation, including this ordinance," Krawitz said. "And therefore, it is the borough's position that the ordinance is proper and valid."

Local initiative necessary

Law problem still county's

STROUDSBURG — The Governor's Justice Commission Monday again told Monroe County local initiative is necessary in order to receive federal funds for law enforcement.

This time the commission gave the information in a face-to-face confrontation with the Monroe County Commissioners — the first time the officials had met since the justice commission was initiated four years ago to parcel out federal tax dollars for law enforcement.

In the meantime, the commission has been allocating close to \$3 million in the Pennsylvania Northeast Region to help establish programs for law enforcement.

According to the commission's regional director, Harry Russ, Jr., not one penny of the money has gone to law enforcement in Monroe County.

The Monroe County Com-

missioners took the first stab at getting support from the justice commission Monday. Commission Chairman Mrs. Nancy B. Shukaitis gave Russ a letter from the county officials requesting more state police for the area.

In the letter, the commissioners justified the request on the basis of the growth of the area due to the construction of the highway system and the introduction of the federal Tocks project.

The commissioners state the growth of the area has not been matched with a commensurate growth in the number of state policemen assigned to the Fern Ridge, Mount Pocono and Stroudsburg barracks.

They asked for an increase. A copy of the letter will also be sent officials in Harrisburg.

The idea of the requested increase for state troopers was introduced by Mrs. Shukaitis

at the commissioners' meeting earlier in the day.

Mrs. Shukaitis said the protection increase can be justified in terms of the increase of burglaries, larcenies, narcotic related crimes and other crimes.

Russ said the justice commission could look at the amount of money spent on law enforcement in Monroe County and see that the money could be spent in such a manner as to get more protection per dollar if local officials were to come up with programs.

It is not necessarily up to the county commissioners to devise the programs for law enforcement, according to Russ. He said the local municipal police agencies should be initiating the projects for the commission's consideration.

Just how the commission works with local governmental agencies in improving law enforcement was the subject of a heated discussion among members of the commission's northeast regional council.

Russ suggested members of the council, gathered in Stroudsburg for a seminar, to become more involved with local government to provide some direction and program development.

Russ told the council members they were appointed by the governor because of their expertise and that they should share their knowledge in local areas.

Eight members of the council balked at the suggestion, each making a statement as to why he didn't feel equipped to help local areas devise plans for better law enforcement.

Objections to the amount of time it would take and to the lack of knowledge the council members could pass on to local officials were given as reasons for the objections.

After several council members had been given the opportunity to express their objection more than once, it was agreed a seminar would be in order and a motion to hold a training session was passed.

It was thought once the council members were better informed about the commission's work, they might be able to help with program direction on the local level.

LWV makes last ditch effort to save Day Care

STROUDSBURG — A last ditch effort for Day Care was staged by the League of Women Voters Monday before the Monroe County Commissioners.

Mrs. Bonnie West, chairman for the league's welfare committee, told the commissioners the league had contacted the regional office of the Department of Public Welfare in Scranton and had received assurances of help in gathering more facts.

She said the regional office would send someone to Stroudsburg to help the commissioners explore the plan if the commissioners thought it would help modify their rejection of the proposal.

The commissioners said they thought all the possibilities had been explored. Mrs. West apologized for any appearance of pressure tactics and thanked the commissioners. Day Care will not be instituted.

St. Louis tops Phillies with ninth inning rally

PHILADELPHIA (UPI)—Ted Simmons doubled home the tie-breaking run and scored on a sacrifice fly by Dal Maxvill as the St. Louis Cardinals rallied for two runs in the ninth inning Monday night to defeat the Philadelphia Phillies, 5-4.

Ed Crosby opened the ninth with a single off loser Joe Hoerner and scored on Simmons' double. Cruz singled Simmons to third and Maxvill followed with a sacrifice fly.

Dennis Higgins came on to start the ninth for St. Louis but he was lifted after walking two

batters with one out. Don Shaw walked Pete Koegel to load the bases and Jose Cruz singled in two runs.

Philadelphia cut the deficit with two in the third when Doyle singled and scored when starting pitcher Woody Fryman lined a home run to left. Willie Montanez doubled in the fourth and scored the tying run on a single by Deron Johnson.

The Phillies threatened in the eighth on singles by McCarver, Montanez, Tom Hutton but a perfect throw by leftfielder Brock nailed McCarver at the plate.

Philadelphia cut the deficit with two in the third when Doyle singled and scored when starting pitcher Woody Fryman lined a home run to left. Willie Montanez doubled in the fourth and scored the tying run on a single by Deron Johnson.

The Phillies threatened in the eighth on singles by McCarver, Montanez, Tom Hutton but a perfect throw by leftfielder Brock nailed McCarver at the plate.

Dodgers hammer Atlanta

ATLANTA (UPI)—Willie Davis and Manny Mota led a 16-hit attack Monday night as Los Angeles Dodgers beat Atlanta 8-3 to spoil the Braves' home opener before 20,203 fans.

Davis and Mota both hit two-run homers and with Manny getting three singles and Davis two.

Davis scored the Dodgers' first run in the first inning when he singled and was singled home by Jim Lefebvre.

This sporting life

Search continues

By CHUCK FIERSON
Record Sports Editor

Stroudsburg High School is continuing its search for a basketball coach to replace Tony Romano, who led the Mounties to their best finish in five years last season before resigning.

Many names keep popping up as Romano's successor. One is Bill Pensyl of Bangor. The East Stroudsburg High School graduate led the Slaters to a 16-5 record before losing in the second half playoffs for the Lehigh-Northampton League title.

But apparently Pensyl is not the man. He denies applying to Stroudsburg. If Pensyl decides to leave Bangor it will probably be to coach at Elizabethtown College, his alma mater.

Informed sources say the front-runner for the Stroudsburg job is Tony Salerno, now head coach at North Pocono in the Wayne County League. The Trojans posted a 12-2 mark in the league last season behind Wallenpaupack.

Pius X of Roseto, which had its application to the Lehigh-Northampton League rejected last year, has been turned down for membership in the Northwest Conference of Warren County (N.J.). Reason for the rejection is due to the unclear status of the Delaware River Conference.

All Northwest members — Belvidere, North Warren, Phillipsburg Catholic, Warren Hills and Hackettstown — are all members of the Delaware River Conference.

Not only did Andy Silock, former Stroudsburg High School football coach, land a plum when he got the Lehigh High School football job, but he got a little extra to boot. Silock will be director of Lehigh's playground program during the summer months.

Notre Dame still looks for athletic home

By CHUCK FIERSON
Record Sports Editor

EAST STROUDSBURG — Notre Dame of East Stroudsburg is still trying to find an athletic home after three years of varsity competition.

The Spartans, who belong to the Wayne County League only in soccer, had their application to the Northwest Conference of Warren County (N.J.) rejected. Rev. John Galenas, Notre Dame athletic director, confirmed Monday.

Galenas said the reason for rejection from the five-team

league was due to "scheduling." Members of the league include Belvidere, North Warren, Phillipsburg Catholic, Warren Hills and Hackettstown.

He added that Notre Dame received only two votes to join the league.

The rejection marks the second in as many years for Notre Dame, which has a high school enrollment of 150 students.

Last May the Wayne County League rejected Notre Dame for baseball and basketball for "reasons I just can't under-

stand," Galenas said.

"I'm more than a little peeved off about both rejections," he said. "They are making a boy's game into a man's game. The athletic directors are making this into a political football. We have the athletic programs, a good academic program and facilities."

"We are just trying to get into a league. We feel by doing this it will help the athletes by getting more publicity. But we are just getting the run around."

While Galenas said he didn't "condemn" the Northwest

Conference, he leveled a blast at both the Wayne County League and Stroudsburg High School.

"All of the other schools in the area have been good to us," Galenas continued. "But Stroudsburg High School just won't play us. They're afraid the little school on the hill may beat us. Karl Diekl (assistant athletic director and former Stroudsburg soccer coach) is the only one who has helped us out."

The only confrontation between Stroudsburg and Notre Dame has been in soccer.

"John Kupice (Stroudsburg athletic director) just refuses to play us," Galenas said. "He has had three years to open up his schedule, but he refuses to do so."

As far as the Wayne County League, Galenas said he feels that most coaches and athletic directors favor Notre Dame's admittance. "But they have been told by higher-ups to vote against us."

Although Galenas feels Notre Dame eventually will get into a league — hopefully the Northwest Conference — he will settle for the time being to play an independent baseball and basketball schedule.

He points out that Notre Dame may be able to get into the Scranton Diocesan League, but adds it will create problems due to travel and the size of the opposing schools.

Galenas adds that Notre Dame wants to get into a league, but the immediate goal is Stroudsburg "who will not give us a chance."

"I realize it takes time," he said. "But for the kids time is running out."

Schaefer 500 entry blanks in mail for July 2 race

MOUNT POCONO — Entry blanks for the 1972 running of the Schaefer 500 at Pocono, the second jewel in the United States Auto Club's "Triple Crown" of auto racing, are in the mail, it was announced Monday by Bill Marvel, manager of Pocono International Raceway.

In making the announcement, Marvel said, "We waited for the First Jewel, the In-

dianapolis 500 to close its entries on April 15, and we are accepting entries until the midnight deadline on May 14."

Members of the racing fraternity will be challenging each other for over \$2,000,000 in the 1972 Triple Crown series, and we expect our share to be well over the \$400,000 mark this year including the \$275,000 guaranteed purse, lap prize and ac-

cessory monies.

"We additionally expect all records established in 1971, including number of entries (43), fastest one-lap qualification (172.967 mph — Mark Donohue), four-lap qualification (172.393 mph — Donohue), fastest lap in race (170.142), lap 26 by Donohue, 500 mile race speed (138.649 mph — Donohue), total race purse (\$386,367) and attendance marks to fall."

"The recent fantastic speeds that have been recorded in tire tests at both the Indianapolis and Ontario Motor Speedways are a good indication of what we can expect in qualifications on June 25 and June 26 when the entrants vie for the 33 starting positions."

For example, Marvel pointed out, "At Indy Bobby Unser recently turned in a lap of 190.8 mph. Everything equal, he would have turned the Pocono 2.5 mile tri-oval at 184.4 mph."

"We feel that the speeds will increase a bit more due to the fact that all three turns of the tri-oval are being repaved and that the drivers will be going faster following their full month of preparation at Indy and another week here at Pocono. The 1972 Pole Position should demand at least an average of 186 mph."

Raceway officials also revealed that unlike last year, the raceway infield parking area will be utilized for infield spectators in campers and cars with the gates scheduled to open at 5 p.m. on Saturday, July 1, the night before the event.

Seven 500 mile race winners are expected to enter the 1972 Schaefer race including the Unser brothers, Bobby and Al; Mario Andretti, A. J. Foyt, Jim McElreath, Mark Donohue and Joe Leonard who is also the 1971 USAC National and "Triple Crown" champion.

10 schools to compete in relays

CATASAUQUA — It'll be the Lehigh Valley League against the Lehigh-Northampton League Saturday in the first Catasauqua Invitational Relays.

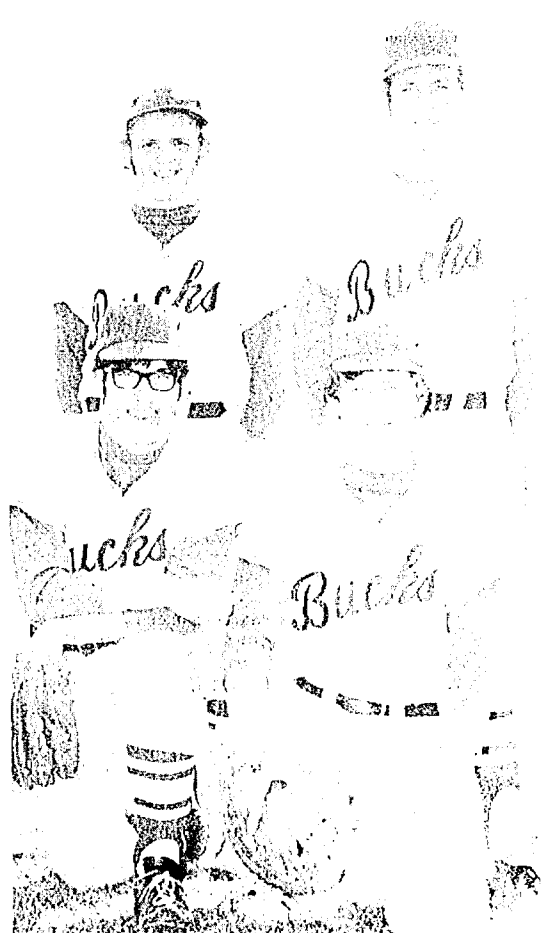

The track and field event, sponsored by the Catasauqua Exchange Club, is scheduled to begin at 12:30 p.m. at Catasauqua High School Alumni Field.

The four Lehigh Valley League teams entered include Stroudsburg, defending District 11 Class "B" champion, Palmerton, Lehigh and host Catasauqua. The six L-N teams include East Stroudsburg, Pocono Mountain, Bangor, Hellertown, Palisades and Salisbury.

A total of 12 types of relays are scheduled. Track relays include the 440-yard dash, 880-yard run, one-mile, two-mile, sprint medley and distance medley relays.

The field relays will consist of three participants from each school in the shot put, discus, high jump, triple jump, long jump and pole vault.

Two team trophies will be awarded to the first and second place winners. Each participant on each relay team will receive medals for first, second or third places. Bibbons will be awarded for fourth and fifth places.

Other seniors on the Wallenpaupack High School baseball team are: front, from left: Mike McGinnis and Dan Pethick. Rear, from left: John Batzel and Kevin Gilpin.

Super-threats head Trenton field

TRENTON — "Superman" Bobby Unser and "Superteam" Al Unser, Mario Andretti and Joe Leonard will lead a field of 30 nationally prominent drivers into Trenton International Speedway Sunday in quest of a starting berth and share of the \$75,000 purse in the 26-car, 11th annual Trentonian 200 USAC Championship.

A super preview of Indianapolis in May is expected to highlight the two days

of speed activity, with Vel Miletich and Parnelli Jones unveiling their radically-different new "Parnelli" racing cars in competition.

Bobby Unser, dubbed "Superman" after his season-opening victory at Phoenix in the spanking new Dan Gurney Olsonite Eagle and a scintillating 190.8 miles per hour lap at Indianapolis in tests, holds the Trenton Speedway 1 1/2-mile qualifying record of 161.420 miles per hour set last Sep-

tember prior to the Trenton 300.

Bobby, the older of the two racing Unseers — his brother Al drives for the "Superteam" — is expected to better his record by at least five miles an hour and it now appears that his stiffest competition will come from the trio of new Parnelli machines. All four cars will be powered by turbocharged Offenhauser engines.

Andretti, Al Unser, Leonard and Bobby Unser

currently are the only drivers who will use the same cars at Trenton that they expect to pilot at Indianapolis.

However, the newly-formed Roger Penske team of Mark Donohue and Gary Bettenhausen must be considered contenders even though they'll pilot updated versions of last year's McLaren. In tire tests at Trenton, Donohue was unofficially clocked right at Bobby Unser's record of 161 miles per hour.

Also included among the standouts in the field will be Wally Dallenbach, Roger McCluskey and Mel Kenyon of the Lindsey Hopkins' team, ever-popular Jim Hurtubise in a rear-engine machine rather than his conventional front-engine entry at Indy, Jim McElreath, Johnny Rutherford, defending Trentonian "200" champion Mike Mosley, Art Pollard, Gordon Johncock, Steve Krisiloff, Swede Savage and many others.

The drivers will be allotted four hours of practice — from noon until 4 p.m. Saturday with action commencing with 45 minutes of practice at noon Sunday. Qualifications will begin at 12:45 Sunday.

Granatelli hits rules of USAC

SANTA MONICA, Calif. (UPI) — Andy Granatelli's brother blasted the U.S. Auto Club rules Monday curbing size of Wankel rotary engines, but announced that STP Corporation will still be represented in the Indianapolis 500 with a new Lola Ford.

Vince Granatelli, crew chief for the Lola Ford to be driven by veteran Art Pollard—who formerly wheeled the Granatelli turbines before they too were restricted in the Indy 500—said:

"It would be almost a miracle if we qualified the (Lola Ford) car during the first qualifying weekend of May 13-14. We'll be lucky if Pollard is able to make the field on the second weekend."

Granatelli said the new Lola Ford arrived at STP's Santa Monica racing shops from London only last week.

"Our unhappy position is the result of rule changes which we expected would liberalize the Wankel rotary engine size. Instead, the rules slashed the Wankel size, just as was done with the turbines."

"As a result, we scrapped both the engine and chassis projects for a Wankel-powered car."

"We weren't able to convert even the Wankel chassis design because the size and weight of a Wankel is about half that of a Ford and obviously required a vastly different chassis design," Granatelli said.

Granatelli said the STP designers then attempted to modify the chassis with a turbocharged Novi overhead cam V8 engine. "We obtained fantastic horsepower and torque but we were unable to have the necessary engine conversion parts produced to reduce displacement by the six inches the rules require in time for Indianapolis." He said the chassis with a conventional Ford engine will be STP's backup car at Indianapolis.

"The Granatellis' Lola Ford is a first of its type model built within the last three months by designer Eric Bradley after the new USAC rules were announced in January."

Rookie sensation of Cubs gets \$2,500 no-hit reward

CHICAGO (UPI) — Rookie Burt Hooton picked up a new contract and a \$2,500 raise Monday as reward for the 4-0 no-hitter he threw for the Chicago Cubs against the Philadelphia Phillies Sunday.

Cubs Vice President John Holland, who tore up the old contract and handed over the new one, felt baseball itself owed something to the 22-year-old knuckle ball artist from Texas.

"This is the greatest thing that could happen to baseball," he said. "This will get the fans back on the players' side. It will bring back the interest in the game."

"It came at a time when we needed it the most." The first no-hitter of the 1972 season came just one day after baseball finally cranked up following the first players' strike in the history of big league baseball.

And it was the work of a youngster making only his fourth start in the big leagues and less than a year out of the University of Texas.

After watching Sunday's classic on television, Cub Owner Philip K. Wrigley telephoned Holland with orders to issue the new contract. Wrigley also authorized a \$500 bonus to Randy Hundley, who caught the game.

Aiding Manager Leo Durocher

Burt Hooton — \$2,500 richer.

also put in a call to congratulate Hooton. Hooton spent most of his time on the call apologizing for walking seven Phillies along with striking out seven of them.

The Cubs paid Hooton a

\$100,000 bonus when they signed him off the Texas campus. They will have to wait until Friday to have another look at him in action. That is when he is scheduled to go against the Mets in New York.

Moose gets starting nod for Pirates home opener

PITTSBURGH (UPI) — Bob Moose, hoping he is free of three burdens—the military, injuries and the bullpen that have haunted him in the past, will pitch the Pirates' home opener today against the Chicago Cubs.

Moose believes he is ready for his best year in the majors since he has recovered completely from a 1970 elbow injury and he does not have to go away for two weeks of military duty this season, but only Manager Bill Virdon will decide how long he remains a starting pitcher.

"I had a good spring, a real good spring," Moose said Monday as the Pirates went through a light workout at Three Rivers Stadium.

"He (Virdon) told me he'll give me a chance as a starter. When they do that, they usually let you go four or five times anyway."

With one exception 1970, the year Moose missed almost two months with an elbow injury—the 24-year-old righthander has been shuffled between the starting rotation and the bullpen, never being able to establish himself as a regular in either spot.

He blames that, at least in part, on military reserve duty, a millstone that will affect Moose only for four weekends this year.

"You can work around the weekend

meetings and still pitch," Moose said, "but you can't work around 16 or 17 days at summer camp."

Last year, Moose's record was 11-7 and his earned run average a hefty 4.11, but he still maintained his mastery of Chicago (3-1, 1.32 ERA), one of the reasons he earned the assignment for the home opener.

Another reason was the 4-1 record and 1.96 ERA Moose fashioned in spring training, a performance that included 16 strikeouts and only two walks in 23 innings.

"I think the only time I pitched better in the spring was 1968, the year I made the club," Moose said.

Milt Pappas will oppose Moose today while it will be Bob Johnson and Juan Pizarro Wednesday night, Dock Ellis and Ferguson Jenkins Thursday night.

Although more than 45,000 tickets had been sold before the original opening day, April 6, was set back by the strike, no one seems to know how many of the fans will show up today.

Opening day attendances generally were low Saturday, but the weather kept people away in many places. The forecast here calls for temperature near 70 degrees, and Moose figures once the season really gets going, everyone will forget the strike.

McGraw leads Tribe win

BOSTON (UPI)—First baseman Tom McGraw, who replaced the injured Chris Chambliss two innings earlier, slammed a three-run homer in the eighth inning and Milt Wilcox gave up only two hits Monday to lift the Cleveland Indians to a 4-0 win over the Boston Red Sox.

McGraw had been inserted in the sixth inning after Chambliss pulled a hamstring muscle running out an infield grounder in the fifth.

With two down in the eighth, Alex Johnson and Graig Nettles singled off Boston starter Ray Culp. Left-hander Bill Lee relieved Culp and McGraw, a lefty batter, belted a one-two pitch into the right field stands, just beyond the grasp of Reggie Smith.

The Indians got their last run in the ninth on a one out single

by Frank Duffy, an infield error and Del Unser's single, which scored Duffy.

Wilcox, who pitched for Cincinnati last year, gave up a fifth inning double and eighth inning single by catcher Dwayne Josephson in stopping the Red Sox. He struck out eight and walked only three as the

Indians won their first game of the season while Boston dropped its second straight.

The Patriots Day holiday game, which began at 11 a.m. EST, drew a crowd of 24,989.

Market suffers slight setback

Stock investors cautious

NEW YORK (UPI)—With an eye on the Price Commission, the Justice Department and the Vietnam war, investors were cautious Monday and the stock market suffered a slight setback. Trading was light.

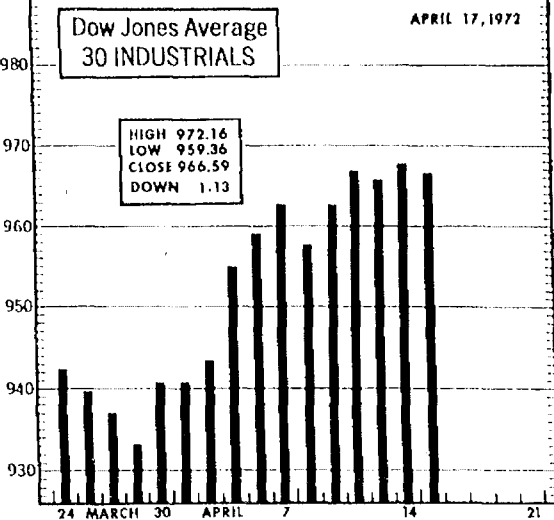

The Dow Jones industrial average of 30 selected blue chip stocks slipped 1.13 to 966.59. Standard & Poor's 500 stock index eased 0.33 to 109.51. The average price of a New York Stock Exchange common share decreased by 11 cents.

Turnover slowed to 15,300,000 shares from the 17,400,000 traded Friday. Of 1,782 issues crossing the tape, 794 declined, 633 advanced.

"Investors may have had an eye on the Vietnam war situation, but I don't think it had much effect on them," said Harry Laubscher, analyst for Walston & Co.

"I think they may have been more concerned about the Price Commission decision to force price reductions on companies which have made windfall profits," he said.

"The market is taking a breather right now," said Saul Smerling, analyst for Standard & Poor's. "I don't think the

Vietnam war has been a factor. The market has not fallen apart and it is not acting scared," Smerling said. "Considering everything, it held up fairly well."

Republic Corp. was the day's most active issue, up 1/4 at 7 1/4 on 186,200 shares.

NBC, parent company of NBC, was second, off 1/4 at 38 3/4 on 183,300 shares, including an early block of 118,700 shares at 38 1/2. The issue suffered in light of the Justice Department's suit filed Friday charging the major networks with monopolizing prime time

programming. CBS fell 1/4, ABC 1/4.

General Motors was third on the active list, falling 1/4 to 80 1/4 on 158,000 shares. Chrysler, which more than tripled its first quarter earnings, and American Motors also were on the active list, up 1/4 and 1/2 respectively.

Good first quarter earnings reports provided mixed results for other issues. PPG Industries rose 2 and Purulor 1.

Grueman Corp. fell 1/4. Company officials, testifying in Washington, said the firm would be forced out of business if the Navy refuses to "restructure" Grueman's money-losing contract for the F14 jet fighter.

Steels, chemicals and oils moved in both directions. Dow Chemical rose 1/4, DuPont, however, dropped 1 although the company reported a first quarter gain. Kerr McGee gained 1/4 in the oils.

Prices were lower in fairly active trading on the American Stock Exchange. The Amex index dipped 0.04 to 28.49. Turnover amounted to 5,780,000 shares, compared with 5,120,000 traded Friday.

Sittin' pretty

Spencer Cramer, president of the Pocono International Raceway, beams out from official pace car to be used in Pennsylvania 500 Stock Car Race in September. Keys to the Dodge were presented by Dr. Joseph Mattioli, raceway director.

Everybody's business

Local firm's work honored

EAST STROUDSBURG — The National Society of Professional Engineers has announced the selection of 10 projects as the outstanding engineering achievements of 1971 in the United States, including Chicago's Northwest Municipal Incinerator, largest of its kind in the Western Hemisphere.

This mammoth installation incinerates 1600 tons of municipal refuse per day and is doing so by pollution-free means. All of the metal contained in the refuse is thoroughly cleaned by the incineration process, is removed from the residue, and sold to metal-working plants as a recycled material.

The incineration system, installed by the IBM-Martin Division of IBM Environmental Systems Corporation, East Stroudsburg, produces 400,000 pounds of steam per hour from the heat generated while completely burning the refuse. Approximately one-half of this power is used to operate the incinerator system and the remainder will be sold to nearby industries upon completion of the steam transmission lines.

The actual sale of the recycled metal, providing the major percentage of its own power, and the projected sale of the remaining steam, will greatly reduce the overall cost of operating this modern incinerator. To the general public perhaps the most important achievement of this installation is the fact it will not pollute the air, water, or ground, according to all existing and projected future standards on pollution and environmental control regulations.

Chairman of the Board, Russell C. Hughes; vice chairman of the board, G. Willard Stettler; president and solicitor, C.D. Shull; executive vice president, George W. Darlington; senior vice president, Robert F. Davenport; vice president, Paul L. Edinger; George T. Mensch, Jr.; Donald J. Schroeder.

At the 1972 annual meeting of the shareholders of the Monroe Security Bank and Trust Company, the following individuals were elected to the Board of Directors:

Lester G. Abelloff, Paul L. Edinger, Harry F. Lee, Lloyd S. Altomese, J. Albert Groner, William A. Rake, Kenneth W. Barthold, Arthur C. Henning, C.D. Shull, Spencer C. Cramer, Russell C. Hughes, Ralph C. Sig, George W. Darlington, Ben Josephson, G. Willard Stettler, Frank J. Dracos, Dale H. Leach.

At the reorganization meeting of the board of directors, the following officers of the bank were elected:

Chairman of the Board, Russell C. Hughes; vice chairman of the board, G. Willard Stettler; president and solicitor, C.D. Shull; executive vice president, George W. Darlington; senior vice president, Robert F. Davenport; vice president, Paul L. Edinger; George T. Mensch, Jr.; Donald J. Schroeder.

STROUDSBURG — C.D. Shull, president, announced the election of Thomas C. Edinger, Harry F. Lee, Lloyd S. Altomese, J. Albert Groner, William A. Rake, Kenneth W. Barthold, Arthur C. Henning, C.D. Shull, Spencer C. Cramer, Russell C. Hughes, Ralph C. Sig, George W. Darlington, Ben Josephson, G. Willard Stettler, Frank J. Dracos, Dale H. Leach.

STROUDSBURG — The following deeds have been recorded in the Register and Recorder's Office of Monroe County.

COOLBAUGH TOWNSHIP — All-American Realty Company Inc., Milford, traded nine properties for a total of \$38,610.

STROUD TOWNSHIP — Leonard and Carole Deane, Stroud Township to James and Dorothy Wertz, Stroud, N.J.

COOLBAUGH TOWNSHIP — Pocono Summit Lakes Inc., Pocono Summit, to William and Patricia Schull, Philadelphia, and to Jay and Carol Diamond, Saddle Brook, N.J.

MIDDLE SMITHFIELD — American Landmark Corporation, Stroudsburg, to Dominick Salerno, Staten Island, and American Landmark Corporation traded nine properties for a total of about \$54,000.

PARADISE TOWNSHIP — Sarah Heller, Stroudsburg, to Ruth Gaudin, Stroudsburg.

STROUD TOWNSHIP — John and Harriet Weissen, Dover, N.J., to Lloyd Kirkland, Stroudsburg.

TOBYHANNA TOWNSHIP — William and Ruth Brown, Pocono Pines, to Russell Ball Jr., Malvern, Locust Lake Village Inc., Pocono Lake, to Louis and Janice Pastilpo, Staten Island, N.Y.

Jack O'Brian's

Voice of Broadway

NEW YORK — Howard Hughes' old executive errand boy, Noah Dietrich, says positively Howard never had a romance with Jean Harlow or June Russell. La Harlow did have a romance with New Jersey's biggest mobster (presumably a suicide but no one believes it) in the pre-Mafia-dominated days. The Mafia "contract" on Crazy Joe Gallo was forecast here more than a month ago. Folks who criticize Noah Dietrich's decision in his 80s to reveal all his secrets after taking Hughes' six-figures-plus pay all those decades are flailing at shallow reasons: they really go back to the simple frustrations through all those years during which he not only made the big executive moves — but handled the most demeaning Hughes whims; Noah simply couldn't remember the big cash without cringing at the silly trivialities Hughes forced him to perform.

Broadcaster Barry Farber says he's not marrying the Greek beauty in his life. Yet "The Godfather" is a

miracle at the cash register; as of this weekend it legally will have stolen \$30 million from the public's pockets.

The marvelous old circular office atop the Shubert Theater, once occupied by Lee Shubert, now contains a busy if less affluent producer — Alexander Cohen. In Mr. Lee's office, several of us Bdw. hands would congregate on Saturday night after the boxoffice of Shubert theaters would call in their happy or sad grosses. Mr. Lee would, probably for the first time all week, relax; even converse. Once Mike Todd, Harry Bloomfield and a couple of his insiders were there talking about PDR's speech that week in which he'd castigated "Martin, Barton and Fish." Mr. Lee had the habit of chuckling softly as he was about to say something, rare enough to be an alert. We all stopped talking. "I've got my own Martin, Barton and Fish," he said, mentioning three producers who'd plagued him more than any others. "Meyerberg, Wildberg and Krellberg."

Ann Landers

Real heart-warmer

Dear Ann Landers: May I say a word to the grandmother who said she was tired of telephone calls from her grandchildren that went like this: "Just a minute, Grammy, the dog wants to talk to you." Then the dog would bark and the kids would giggle and Grammy was left hanging. Finally she concluded that the kids had left the phone and gone to play somewhere else.

I'm a Grammy, too, and I laughed when I read that column because I've had similar telephone calls. I've talked to dolls, listened to cats meow, and kissed skinned knees through the receiver to make them well. I've stood patiently while the kids dragged the fish tank to the phone so I could hear it gurgle. I've turned off the stew and listened to essays, original poems and piano recital numbers.

I love it when my daughter calls me and I hear one of the children shout, "It's Grammy let me talk!" What a compunctious to know that their delight in sharing their interests with me! I wouldn't take a million dollars for those crazy phone calls.

Grandmas Are For Listening

Dear Gram: Thank you for a real heart-warmer. I've never been asked to listen to a fish tank, but I can tell you from personal knowledge just what a hamster sounds like on the phone!

I spent the first 21 years of my life in total hell because of my father. He is mentally deranged — a split personality. I never knew when he would turn from a sweet, lovable person to a cruel, savage beast. He used to hit my mother for no reason, throw things at me, and I'm sure he tortured our pets although no one could ever prove it. It's a miracle that I didn't lose my mind when my mother died of leukemia. I was 17 at the time.

I was 20 when I met John. It was almost a story-book romance the way he rescued me from a lunatic father — like a true knight in shining armor. We've been married nearly three years and have a dear little girl. The problem is that my mother-in-law keeps asking me why I don't invite my father over for Sunday supper. She can't understand why I don't include him in family or social affairs. Ann, I simply can't bring myself to tell her the truth. I'm scared to death of my father. He makes me physically ill. I don't want to be around him or have him near my little family. Lately my mother-in-law has been pressing. Please tell me what to say to her. I hate to be disloyal or sound dramatic. Help me please.

B. in Nashville

If she persists, simply tell her you have your reasons and you'd rather not discuss it.

Your Horoscope

Frances Drake

ARIES

March 21 to April 20 (Aries) — Give close scrutiny to new propositions, and be sure you understand their "whys and wherefores." Some deceptive influences prevail.

April 21 to May 21 (Taurus) — There may be some moments when you feel insecure; that you are not making sufficient progress. These are the very times that call for clear thinking, well-planned action and the strength to dislodge odds.

May 22 to June 21 (Gemini) — Ease up tensions that may exist. You can make considerable advancement now, but a well-balanced program will be important.

June 22 to July 23 (Cancer) — Confer with those whose interests are mutual. Then, through discussions, you can acquire a store of usable information — important to achievement now.

July 24 to August 23 (Leo) — If you feel you are on the right track, pursue it courageously. But do heed the advice of older or more knowledgeable heads along the way.

August 24 to September 23 (Virgo) — Mixed planetary influences. Right plans and moves at the right times and places will, however, keep you in the lead for gains, with ease of effort.

September 24 to October 23 (Libra) — An average day, generally speaking, but some problems COULD arise. If so, post a "don't disturb" sign while you work things out quietly.

October 24 to November 22 (Scorpio) — Maintain a steady pace if you would achieve the substantial results you desire. Steer clear of time-wasters and nonessentials. Eyes forward!

November 23 to December 21 (Sagittarius) — There is more potential to this day

CHRYSLER
MOTOR CORPORATION

DARWIN WAS RIGHT.

Our fuel-injected 1800E is a rare breed — a sports car built as strong as a Volvo. And as Darwin theorized, the strong have survived.

In fact, over the years the car has been made even stronger. (Example) When the engine was made more powerful, so were the clutch, transmission and brakes.) So if you're looking for a sports car, come to us for a Volvo 1800E.

It's designed to stay fit, instead of giving you one.

OVER 65 ONLY: ENROLLMENT PERIOD ENDS MIDNIGHT THURSDAY, APRIL 27th

Here's where most folks over 65 find out...too late... what Medicare does not pay...

Now, for just \$1 for your first month's protection, you can examine 'on approval' this sensible, affordable Plan! New Elder-Care® pays you Tax-Free Cash—lifetime maximum benefits of \$50,000.00! After the initial deductible, this Plan covers major hospital expenses that Hospital Medicare leaves out! ■ only \$3 a month after the first month! ■ no age limit ■ guaranteed renewable ■ all pre-existing conditions are covered! Your first month is only \$1. And you get your dollar back if you're not completely satisfied.

ARE YOUR PARENTS OVER 65? Tell them about this plan or... Give it to them.

Right now you have an opportunity to help protect your parents against today's skyrocketing hospital bills. A long illness—the kind they're prone to—can easily exhaust their savings.

That's why we urge you to bring this plan to their attention immediately—before the expiration date—and help them get \$50,000.00 worth of lifetime maximum benefits—all tax free.

Better still, you may use the Application Form below to give it to them. To do so, just complete the form using your address. We will send the Policy and payment notices to you. Just \$1 will cover either one or both of your parents for the first month.

MEDICARE IS GREAT—BUT!...

Wake up friends. Blessing that it is, please realize that Medicare isn't everything many folks suppose. It has deductibles, percentages and charges that you must pay out of your own pocket. And recent changes have increased those costs. You pay more! What a shock to find this out too late. Today, even with Hospital Medicare, a long siege of illness in the hospital could leave you with crippling financial debts.

DON'T LEARN THE FACTS THE HARD WAY!

After you're laid up, it's a little late. Under Medicare today you pay the initial deductible for each 'benefit period'. That's the first \$68 of hospital expenses. Then from the 61st day of the period you must pay \$17-a-day. After 90 days this increases to \$34-a-day—\$238-a-week, \$1,020 a-month—that you must pay. Plus you start dipping into your Medicare 60-day 'Lifetime Reserve'. And after your Lifetime Reserve is used up, Medicare won't pay you a cent for the rest of that period. Think what a long spell of illness could mean—the slow kind that older folks get more than anyone else! You could be stuck with unpaid bills that could wipe out retirement savings... and plunge you deep into debt!

THIS PLAN IS A MUST FOR ANYONE OVER 65

If you feel Medicare charges are confusing, you're right—they are! Worse—they're expensive! 'Part A' of Medicare is Hospital Insurance, designed primarily for in-hospital costs. 'Part B' is Medical Insurance, for doctors and medical service bills. This Plan protects you for every eligible Hospital Medicare expense that Hospital Medicare doesn't pay. After your initial deductible, you're covered for all major Hospital Medicare hospital charges—with no time limit—no matter how much or how often you collect—until you receive \$50,000.00 worth of total lifetime protection! And no matter how Medicare costs increase in the future, you needn't worry. This Plan fills in automatically! We believe there's no finer Plan in America today!

YOUR MEDICARE COSTS KEEP INCREASING

The law requires that Medicare costs must be reviewed each year—and if hospital charges change significantly, the money that patients contribute must be adjusted the following year. Well, it's no secret; it's already happened twice—in '70 and again in '71. In fact, hospital costs have TRIPLED in the past few years. And are still increasing! There's little doubt about it. You'll wind up paying even more. That's why our Elder-Care Hospital Plan makes so much sense!

EVERY ADDITIONAL COST IS ANOTHER PROBLEM FOR YOU:

The Social Security Administration estimates that Medicare will pay less than half of your total health cost! That's why this Elder-Care Plan is so vital. It assures you virtually complete hospital coverage no matter how much Hospital Medicare pays (or doesn't pay) in the future. It assures you will never be saddled (or saddle anyone else) with bankrupting hospital bills. It's like having money set aside against a rainy day!

HERE'S WHAT'S COVERED—AND NOT COVERED

There are no tricky "catches" or "waiting periods". All pre-existing conditions (physical illness you've had or have right now) are covered in any recognized hospital, from the moment your policy is in force. Here are the only exceptions: Federal or State Government facilities, mental institutions, sanitariums for alcoholics or drug addicts, and geriatric extended-care facilities like nursing or rest homes. Loss paid by Workmen's Compensation or Occupational Disease Laws is not covered. Your plan cannot be cancelled as long as you pay your premiums, and the \$3. rate cannot be raised, unless a general rate adjustment—up or down—applies to everyone in your state.

SEND \$1 FOR YOUR FIRST MONTH'S PROTECTION...

while you examine your Elder-Care Plan. It's yours with a money-back guarantee. Examine it carefully in the privacy of your own home. There's no "fine print". Show it to any trusted advisor. Indeed, show it to your doctor. He knows about the limitations of Hospital Medicare. He'll tell you how valuable this Plan really is. Even then, if you're not completely satisfied, return the policy within 30 days and we'll promptly refund your money—no ifs, ands or buts! It makes sense to protect yourself now for this amount—while you make up your mind! If you decide to continue, your regular monthly premium is only \$3 per person. A small premium for so much peace of mind!

APPLY AT ONCE—NOW IS THE TIME!

Everyone over 65 is automatically qualified during this limited program. The closing date, however, is definite! We cannot accept applications after the postmark deadline. So please don't hesitate. You are protected by an iron-clad 30-day money back guarantee. Mail your application form, with only \$1 before the midnight deadline. Act now, while the thought is uppermost in your mind!

8 IMPORTANT QUESTIONS AND ANSWERS

1 Q. If I have Medicare, why do I need this plan?

A. Medicare, with its maximum limitations, was never designed to cover all hospital expenses. But the amount you pay gets bigger! \$17-a-day is up from \$15! \$34-a-day is up from \$30! Where will it all end? These widening charges could cost you thousands of dollars. But Elder-Care helps relieve your hospital money worries—until you receive \$50,000 in tax-free lifetime total benefits.

2 Q. If I have other hospital insurance, doesn't it cover these Medicare charges?

A. Many other plans specify exclusions, riders, and limitations on Medicare. They don't bridge all the uncovered charges, particularly as benefits are adjusted. But with Elder-Care you know that your hospital charges are covered automatically for \$50,000 worth of total lifetime protection. There's no waiting period—you're covered immediately for pre-existing conditions. And note: this Plan pays in addition to any other insurance you may have with our Company or any other company. It's your money to spend as you wish.

3 Q. How do I collect my Benefits once I'm in the hospital?

A. There's a simple form to be completed by you and your doctor—and that's all there is to it. As soon as your request reaches us, it gets immediate attention. Folks all over the country have praised the speed and efficiency of Union Fidelity's claim service.

4 Q. Can you cancel me, or raise my rates if I go in and out of the hospital, or if I collect thousands of dollars?

A. Absolutely not! Your Plan cannot be canceled as long as you keep up your premiums no matter how often, or how much, you collect—until you receive \$50,000 maximum. What's more, the \$3 rate cannot be raised, or benefits changed, unless a general adjustment—up or down—applies to all Elder-Care policyholders in your state.

5 Q. How can it cost only \$3 a month?

A. Because the initial deductible is not insured—that's still your responsibility. Without this one provision total Elder-Care insurance would be too costly to afford. With it, however, this Plan is exceedingly reasonable. Medicare covers most expenses in the first 60-day hospital benefit period. Then Elder-Care fills in the rest of the hospital benefit costs—100%—provides long-range protection until you receive \$50,000 in lifetime benefits. In addition our direct-by-mail method keeps policy-issue costs at a minimum. And since no salesman will call, there are no sales commission costs.

6 Q. Can I apply if I'm not in good health?

A. Yes you can. No matter how poor your health, any health condition you have right now is covered. There is no waiting period. And of course, any accident or future health condition is covered too.

7 Q. What other advantages are there to applying for this Plan right now?

A. During this limited period there is no red tape of any kind. Just fill in the simple Application Form here. And you enjoy a 30-day Approval Guarantee! You're protected for only \$1 while you examine your Elder-Care Policy. If you're not completely satisfied return the Policy within 30 days and we'll promptly refund your money. In the meantime, you're still protected!

8 Q. How do I apply?

A. Complete the Application Form at the right and mail with only \$1 for the first month's protection. Your spouse, if over 65, may also apply on this form. But do not send more money! \$1 covers you both during your 30-day Approval. Be sure to sign your name and mail before the postmark deadline.

Elder-Care is available now to senior citizens, 65 years of age or over, no matter what their present state of health. It is issued by Union Fidelity Life Insurance Company, an old line legal reserve company with new ideas to meet modern insurance needs; a member of the Union Fidelity Insurance Group which is licensed in all 50 states, Washington, D.C., Puerto Rico and Canada. Union Fidelity is recommended by both Best's and Dime's, the leading insurance rating authorities.
